Dear Stockholder:

You are cordially invited to attend our Annual Meeting of Stockholders on Tuesday, May 12, 2020, at 11:00 a.m., Eastern Daylight Saving Time, at our corporate offices at One CIT Drive, Livingston, New Jersey 07039. Internet and telephone voting are available until 11:59 p.m., Eastern Daylight Saving Time, the day prior to the meeting.

In connection with our Annual Meeting, we have provided our stockholders with our Notice of Annual Meeting, Proxy Statement, proxy card and 2019 Annual Report. These documents provide detailed information related to the matters to be addressed during the Annual Meeting, as well as our business activities and operating performance. On April 2, 2020, we mailed to our stockholders a notice of the Internet availability of proxy materials ("Access Notice") containing instructions on how to access these materials online. Electronic delivery expedites your receipt of proxy materials, while lowering expenses and reducing the environmental impact of our Annual Meeting. If you received an Access Notice by mail, you will not receive printed copies of the materials unless you request them by following the instructions in the Access Notice.

In addition to the formal items of business to be brought before the Annual Meeting, we will respond to stockholder questions. Whether or not you are personally able to attend the Annual Meeting, please complete, sign and date the enclosed proxy card and return it in the enclosed postage paid envelope as soon as possible, or follow the instructions to vote online or by telephone. Your vote is very important. Submitting your vote by proxy will not limit your right to attend the Annual Meeting.

On behalf of the entire Board of Directors, we thank you for your support of CIT and hope to see you at our Annual Meeting.

Sincerely,

Ellen R. Alemany
Chairwoman and Chief Executive Officer

April 2, 2020
To the Stockholders of CIT Group Inc.:

Notice is hereby given that the 2020 Annual Meeting of Stockholders (the “Annual Meeting”) of CIT Group Inc., a Delaware corporation (“CIT”), will be held at CIT’s offices* at One CIT Drive, Livingston, New Jersey 07039, on Tuesday, May 12, 2020 at 11:00 a.m., Eastern Daylight Saving Time, for the following purposes, as more fully described in the accompanying proxy statement (the “Proxy Statement”):

1. to elect CIT’s Board of Directors to serve until the next annual meeting of stockholders — the Board has nominated for election the following twelve nominees: Ellen R. Alemany, Michael L. Brosnan, Michael A. Carpenter, Dorene C. Dominguez, Alan Frank, William M. Freeman, R. Brad Oates, Gerald Rosenfeld, Vice Admiral John R. Ryan, USN (Ret.), Sheila A. Stamps, Khanh T. Tran and Laura S. Unger;
2. to ratify the appointment of Deloitte & Touche LLP as CIT’s independent registered public accounting firm for 2020;
3. to hold a non-binding advisory vote on executive compensation; and
4. to transact such other business as may properly come before the Annual Meeting.

Only stockholders of record as of the close of business on March 19, 2020, are entitled to receive notice of, to attend, and to vote at the Annual Meeting. Internet and telephone voting are available until 11:59 p.m., Eastern Daylight Saving Time, the day immediately prior to the Annual Meeting. To ensure that your vote is counted at the Annual Meeting, please vote your proxy as soon as possible.

Instructions to vote online, by telephone or by mail are in the Question and Answer section of the Proxy Statement included with this notice of Annual Meeting (“Notice of Annual Meeting”) and can also be found in the notice of the Internet availability of proxy materials mailed to you on April 2, 2020 (“Access Notice”). To vote online, by telephone or by mail, you need your personal Control Number, which is included in the Access Notice. There is no charge for requesting printed proxy materials. Stockholders who request printed proxy materials for 2020 will continue to receive printed proxy materials in future years until such time as they may opt out of paper delivery. To facilitate timely delivery of the proxy materials for the Annual Meeting, please make your request on or before April 28, 2020.

By Order of the Board of Directors,

James R. Hubbard
Executive Vice President,
General Counsel and Corporate Secretary

Livingston, New Jersey
April 2, 2020

* As part of our precautions regarding the coronavirus, or COVID-19, we are planning for the possibility that the Annual Meeting may be held solely by means of remote communications. If we take this step, we will announce the decision to do so as promptly as practicable, and will issue a press release with details on how to participate in the Annual Meeting and how to inspect a list of stockholders of record electronically. The press release will be posted to our website www.cit.com/2020proxy and filed with the Securities and Exchange Commission as additional proxy material.

## Attendance at the Annual Meeting
General Information

Our Board of Directors (the “Board”) is soliciting proxies from our stockholders in connection with our annual meeting of stockholders (“Annual Meeting”) to be held on May 12, 2020, and any adjournment of such meeting. No business can be conducted at the Annual Meeting unless a majority of all outstanding shares entitled to vote are either present in person or represented by proxy at the Annual Meeting. The only matters to be brought before the Annual Meeting are those referred to in this proxy statement (“Proxy Statement”). If any additional matters are properly presented at the Annual Meeting, the persons named as proxies may vote your shares in their discretion.

As permitted by rules adopted by the U.S. Securities and Exchange Commission (“SEC”), we have elected to provide access to this Proxy Statement, proxy card and our 2019 Annual Report (“Annual Report”) to you electronically via the Internet at www.proxyvote.com, beginning on April 2, 2020. We believe that these rules allow CIT Group Inc. (“CIT” or the “Company”) to provide you with the information you need while reducing the environmental impact of the Annual Meeting and reducing expenses. If you are a holder of record, you will also receive this Proxy Statement, proxy card and our Annual Report by mail.

If you received a notice of the Internet availability of proxy materials mailed on April 2, 2020 (“Access Notice”) you will not receive a printed copy of the proxy materials in the mail. The Access Notice instructs you how to access and review all of the important information contained in the Proxy Statement, proxy card and Annual Report. The Access Notice also instructs you how to submit your vote over the Internet, by telephone or by mail. If you received an Access Notice and would like to receive a printed copy of our proxy materials, please follow the instructions for requesting such materials included in the Access Notice or as set forth below under “How do I vote? — Vote by Mail”.

CIT | 2020 Proxy Statement | 1
Questions and Answers About the Annual Meeting and Voting

When and where is the Annual Meeting?

**When:** Tuesday, May 12, 2020, at 11:00 a.m., Eastern Daylight Saving Time.

**Where:** One CIT Drive, Livingston, New Jersey 07039.

Who is soliciting my vote?

CIT’s Board of Directors is soliciting your vote for our Annual Meeting.

What will I vote on?

You are being asked to vote:

- to elect the directors to serve on CIT’s Board until the next annual meeting of stockholders — the Board has nominated for election the following twelve nominees: Ellen R. Alemany, Michael L. Brosnan, Michael A. Carpenter, Dorene C. Dominguez, Alan Frank, William M. Freeman, R. Brad Oates, Gerald Rosenfeld, Vice Admiral John R. Ryan, USN (Ret.), Sheila A. Stamps, Khanh T. Tran and Laura S. Unger (Proposal 1);
- to ratify the appointment of Deloitte & Touche LLP (“Deloitte”) as CIT’s independent registered public accounting firm for 2020 (Proposal 2); and
- to approve executive compensation on an advisory basis (Proposal 3).

You may also vote on any other business that properly comes before the Annual Meeting.

What is the record date for the Annual Meeting?

The record date for the Annual Meeting is the close of business on March 19, 2020 (“Record Date”). The Record Date is used to determine those stockholders who are entitled to vote at the Annual Meeting and at any adjournment or postponement thereof.

How many votes can be cast by all stockholders?

A total of 98,317,232 votes may be cast on each matter presented, consisting of one vote for each share of CIT common stock, par value $0.01 per share, which was outstanding on the Record Date. There is no cumulative voting.

How many votes must be present to hold the Annual Meeting?

A quorum of a majority of the votes entitled to be cast, or 49,158,617 votes, must be present in person or represented by proxy to hold the Annual Meeting. We urge you to vote by proxy even if you plan to attend the Annual Meeting. This will help us know as soon as possible that enough votes will be present to hold the Annual Meeting. In determining whether a quorum exists, we will include in the count shares represented by proxies that reflect abstentions and “broker non-votes” (as further described in this Proxy Statement under “What happens if I hold my shares through a broker but do not give my broker specific voting instructions?”).
How do I vote?

You may vote by proxy or in person at the Annual Meeting

If you are a holder of record (that is, if your shares are registered in your own name with our transfer agent), we have furnished you with the proxy materials, including a proxy card. You may vote by mail, by telephone, on the Internet, or by attending the Annual Meeting and voting in person, as described below.

If you hold your shares in street name (that is, you hold your shares through a broker, bank or other holder of record), please refer to the information on the voting instruction form forwarded to you by your bank, broker or other holder of record to determine which voting options are available to you.

Vote by Mail

To vote by mail, simply mark, sign and date the proxy card and return it in the postage-paid envelope provided. If you received an Access Notice, you can vote by mail by requesting paper copies of the Proxy Statement, proxy card and other materials by calling 1-800-579-1639, or going to www.proxyvote.com or by sending an email to sendmaterial@proxyvote.com and requesting a proxy card.

If you request a proxy card by e-mail, please send a blank e-mail to sendmaterial@proxyvote.com with your Control Number in the subject line. Your Control Number can be found in the Access Notice. Upon receipt of your request, the proxy card and printed copies of the Annual Report and other proxy materials will be mailed to you. Upon receipt, simply mark, sign and date your proxy card and return it in the enclosed postage pre-paid envelope.

If you request printed copies, then in future years, you will continue to receive printed copies of the proxy card and other proxy materials automatically until such time as you may opt-out of receiving printed copies.

If you wish to vote by mail, please make your request for paper copies of the proxy card and other proxy materials on or before April 28, 2020. Votes by mailed proxy card must be received at CIT Group Inc., c/o Vote Processing, Broadridge, 51 Mercedes Way, Edgewood, NY 11717 by 8:00 a.m., Eastern Daylight Saving Time, on May 12, 2020, the day of the Annual Meeting.

Vote by Telephone

You can vote by calling 1-800-690-6903. You will need your Control Number, which can be found in the Access Notice. Use any touch-tone telephone to transmit your voting instructions up until 11:59 p.m., Eastern Daylight Saving Time, on May 11, 2020.

Vote on the Internet

You can also choose to vote on the Internet by going to www.proxyvote.com. You will need your Control Number, which can be found in the Access Notice. Use the Internet to transmit your vote up until 11:59 p.m., Eastern Daylight Saving Time, on May 11, 2020.

Vote at the Annual Meeting

If you want to vote in person at the Annual Meeting and you are a holder of record, you must register with the Inspector of Election at the Annual Meeting (“Inspector of Election”), and produce valid, government-issued photo identification, such as a driver’s license or passport. If you want to vote in person at the Annual Meeting and you hold your shares in street name, you must obtain an additional proxy from your bank, broker or other holder of record authorizing you to vote. You must bring such proxy to the Annual Meeting, present it to the Inspector of Election, and produce valid, government-issued photo identification, such as a driver’s license or passport.

As part of our precautions regarding the coronavirus, or COVID-19, we are planning for the possibility that the Annual Meeting may be held solely by means of remote communications. If we take this step, we will announce the decision to do so as promptly as practicable, and will issue a press release with details on how to participate in the Annual Meeting and how to inspect a list of the stockholders of record electronically. The press release will be posted to our website www.cit.com/2020proxy and filed with the SEC as additional proxy material.
Questions and Answers About the Annual Meeting and Voting

What does it mean to give a proxy?

A proxy is your designation of another person to vote stock you own. Your properly completed proxy card will appoint James R. Hubbard, Shannon Lowry Bender and James P. Shanahan, each of whom is an officer of CIT, as proxies to vote your shares in the manner directed by you. Your proxy card permits you to direct the proxies to vote “for” or “against,” or “abstain” from voting, regarding each of the nominees for director and each of Proposals 2 and 3. All of your shares entitled to vote and represented by a properly completed proxy card received prior to the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with your instructions.

How many votes will be required to elect directors or to adopt the other proposals?

Because this election is not a contested election, a nominee for director must receive a favorable (i.e., a “for”) vote from a majority of the votes cast at the Annual Meeting in order to be elected. A nominee for director shall be elected to the Board if the votes cast “for” such nominee’s election exceed the votes cast “against” such nominee’s election. “Votes cast” exclude abstentions and “broker non-votes” (as further described below under “What happens if I hold my shares through a broker but do not give my broker specific voting instructions?”).

The affirmative vote of a majority of the shares present at the Annual Meeting in person or by proxy and entitled to vote is required to: (a) ratify the appointment of CIT’s independent registered public accounting firm (Proposal 2); and (b) approve the non-binding advisory vote on executive compensation (Proposal 3). Abstentions will not be included in the affirmative vote and thus will have the same effect as a vote “against” each of Proposals 2 and 3. Although the advisory vote on Proposal 3 is non-binding, as provided by law, the Board will review the result of the vote and may take it into account in considering executive compensation going forward.

Can a director be elected without receiving votes from a majority of the shares outstanding?

Yes. Pursuant to the By-Laws of CIT (“By-Laws”) and our corporate governance guidelines (“Corporate Governance Guidelines”), if the election of directors is uncontested, meaning that the only nominees are those recommended by the Board, each nominee for director must receive more votes “for” than “against” his or her election. Abstentions and “broker non-votes” (as further described below under “What happens if I hold my shares through a broker but do not give my broker specific voting instructions?”) are not counted for these purposes. Any nominee who fails to receive the required vote “for” his or her election must promptly tender his or her resignation to the Chairwoman of the Board. If an incumbent director fails to receive the required vote for re-election, the Nominating & Governance Committee of the Board (the “Governance Committee”) will promptly consider the resignation submitted by such director and will recommend to the Board whether to accept such resignation. The Board will act on the recommendation of the Governance Committee no later than 90 days following the date of the Annual Meeting. See “Corporate Governance — Majority Voting for Directors” and “Corporate Governance — Appointment of Directors” in this Proxy Statement.

Under the By-Laws, a director may be elected by a plurality of the votes cast in a contested election, whereby a stockholder has provided notice of an intention to nominate one or more candidates to compete with the Board’s nominees, in accordance with the requirements of the By-Laws, and such stockholder has not withdrawn such nomination by the tenth day before we mail our Notice of Annual Meeting. This means that the twelve nominees who receive the most votes “for” would be elected, even if it is less than a majority of the total shares outstanding, and stockholders would not be permitted to vote “against” a nominee.

The election of directors at the Annual Meeting is uncontested.
Can I change or revoke my proxy?

Yes, you may change your vote or revoke your proxy at any time before it is exercised. To do so, you should:

- send in a new proxy card with a later date;
- send a written revocation to the Corporate Secretary;
- cast a new vote by telephone or Internet; or
- attend the Annual Meeting and vote in person.

Written revocations of a prior vote must be sent by mail to CIT’s Corporate Secretary at One CIT Drive, Livingston, NJ 07039, or by delivering a duly executed proxy bearing a later date. If you attend the Annual Meeting and vote in person, your vote will revoke any previously submitted proxy. If you hold your shares in street name, you must contact your broker if you wish to change your vote.

What if I do not return a signed proxy card, or do not return a signed proxy card on a timely basis?

If you are a holder of record and you do not return a signed proxy card to vote shares held in your name, or if your signed proxy card is received by CIT after 8:00 a.m., Eastern Daylight Saving Time, on May 12, 2020, those shares will not be voted. If you vote by telephone or Internet before 11:59 p.m., Eastern Daylight Saving Time, on May 11, 2020, or vote in person at the Annual Meeting, then you do not need to return a signed proxy card, and your shares will be voted as instructed.

What if I return a signed proxy card but do not indicate my vote for one or more of the matters on my proxy card?

If you return a signed proxy card without indicating your vote, your shares will be voted “for” each of the twelve nominees named in “Proposal 1 — Election of Directors”, and “for” Proposals 2 and 3 (except in the case of a “broker non-vote” as described below under “What happens if I hold my shares through a broker but do not give my broker specific voting instructions?”).

What happens if I hold my shares through a broker but do not give my broker specific voting instructions?

Under New York Stock Exchange (“NYSE”) rules, if you hold your shares in street name with a broker who is a member of the NYSE and do not instruct your broker as to how to vote your shares, your broker can vote your shares on the ratification of the selection of our independent registered public accounting firm (Proposal 2), in your broker’s discretion. Absent specific voting instructions, however, your broker cannot vote on the election of directors (Proposal 1) or the non-binding advisory vote on executive compensation (Proposal 3), and your proxy would represent shares reflecting a “broker non-vote” with respect to Proposals 1 and 3.

A “broker non-vote” occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner, or person entitled to vote, and does not have discretionary authority to vote the shares. This could occur on Proposals 1 and 3, but not on Proposal 2.

Shares represented by proxies that reflect a broker non-vote will, like abstentions, be counted for purposes of determining whether a quorum exists. However, with respect to Proposal 1, abstentions and broker non-votes will not be considered votes cast, and, therefore will have no effect on whether a director is elected. With respect to Proposal 3, while abstentions will have the same effect as votes cast “against” such Proposal, broker non-votes will not be counted as entitled to vote on Proposal 3 and thus will have no effect on the outcome of such votes.
Questions and Answers About the Annual Meeting and Voting

Brokers who are members of the Financial Industry Regulatory Authority may vote shares held by them in nominee name if they are permitted to do so under the rules of any national securities exchange to which they belong. A member broker of the NYSE is prohibited, under NYSE rules, from voting on matters that are not routine if the beneficial owner has not provided the broker with voting instructions.

Why haven’t I received a printed copy of the Proxy Statement, proxy card or Annual Report?

We have elected to take advantage of the SEC’s rule that allows us to furnish proxy materials to you online. We believe electronic delivery will expedite your receipt of materials, while lowering costs and reducing the environmental impact of our Annual Meeting by reducing printing and mailing of full sets of proxy materials. On April 2, 2020, we mailed to our stockholders who did not opt out of printed copies an Access Notice containing instructions on how to access our Proxy Statement, proxy card and Annual Report online. If you received such Access Notice by mail, you will not receive a printed copy of the proxy materials, unless you specifically request one no later than April 28, 2020. The Access Notice contains instructions on how to receive a paper copy of the Annual Report, proxy card and other proxy materials. If you request a printed copy of the 2020 proxy materials, you will continue to receive printed proxy materials in future years until such time as you opt out of paper delivery.

What if multiple stockholders share the same address?

SEC rules permit CIT to deliver a single Access Notice or, if a stockholder does not participate in electronic delivery of proxy materials, a single printed copy of the proxy materials, to stockholders who share the same address unless CIT has received contrary instructions from any stockholder at that address. This procedure, known as “householding,” is designed to reduce CIT’s printing costs and postage fees. Each stockholder who participates in householding retains a separate right to vote on all matters presented at the Annual Meeting. If you participate in householding and wish to receive a separate copy of the Access Notice or proxy materials, please call 1-866-540-7095 or mail your request to: CIT Group Inc., c/o Broadridge Householding Department, 51 Mercedes Way, Edgewood, NY 11717. A separate copy of the Access Notice or proxy materials, as applicable, will be delivered promptly upon request. Any such stockholder may also opt out of householding and continue to receive separate copies of the Access Notice or proxy materials in the future by notifying CIT at the above-referenced address or telephone number. Other stockholders who have multiple accounts in their names or who share an address with other stockholders can request householding by notifying CIT at the above-referenced address or telephone number.

Is this Proxy Statement available on the Internet?

Yes. You can also view this Proxy Statement on the Internet by going to CIT’s website at www.cit.com/2020proxy. You can elect to receive future proxy statements and annual reports over the Internet instead of receiving paper copies by mail by following the instructions set forth in the Access Notice or as set forth above under “Questions and Answers About the Annual Meeting and Voting — How do I vote?”

Will my vote be confidential?

Yes. We have a policy of confidentiality in the voting of shares. Individual stockholder votes are kept confidential, unless disclosure is: (i) necessary to meet legal requirements or to assert or defend claims for or against CIT, or (ii) made during a contested proxy solicitation, tender offer, or other change of control situations.

What if there is voting on other matters?

Our By-Laws provide that business may be transacted at the Annual Meeting only if it is (a) stated in the Notice of Annual Meeting, (b) proposed at the direction of our Board or (c) proposed by any CIT stockholder who is entitled
to vote at the Annual Meeting and who has complied with the notice procedures in our By-Laws. We did not receive notice of any stockholder proposals for the Annual Meeting, and we do not know of any other business to be transacted at the Annual Meeting other than the matters described in this Proxy Statement. However, if the Board proposes any other matter proper for action at the Annual Meeting, or should any other matters properly come before the Annual Meeting, the proxies you have authorized to vote on your behalf will vote your shares using their discretion.

What was the deadline for stockholders to notify us of proposals for the Annual Meeting?

The deadline for submitting stockholder proposals for the Annual Meeting for inclusion in the Proxy Statement was December 6, 2019. The deadline for submitting stockholder proposals for the Annual Meeting for inclusion on the agenda was February 14, 2020.

What is the deadline for stockholders to notify us of proposals for the 2021 Annual Meeting of Stockholders?

The deadline for submitting stockholder proposals for the 2021 annual meeting of stockholders (“2021 Annual Meeting”) for inclusion in the 2021 proxy statement is December 3, 2020. The deadline for submitting stockholder proposals for the 2021 Annual Meeting for inclusion on the agenda is February 11, 2021.

Will a representative of CIT’s independent registered public accounting firm be present at the Annual Meeting?

Yes, a representative of Deloitte will attend the Annual Meeting and can answer questions that you may have. The representative will also have the opportunity to make a statement if Deloitte desires to do so. The Audit Committee has approved the appointment of Deloitte as our independent registered accounting firm and auditors for 2020.

How can I attend the Annual Meeting?

Only stockholders as of the Record Date (or their proxy holders) may attend the Annual Meeting. If you plan to attend the Annual Meeting or appoint someone to attend as your proxy, please check the appropriate box on your proxy card. If you are voting by telephone or Internet, follow the instructions provided to indicate that you or your proxy holder plan to attend. You or your proxy holder will need to show (a) photo identification, and (b) if you hold your shares in street name, proof of ownership as of the Record Date, such as a letter or account statement from your broker or bank, at the reception desk to gain admittance to the Annual Meeting.

What happens if the Annual Meeting is postponed or adjourned?

Your proxy remains valid and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

Do any stockholders beneficially own more than 5% of our common stock?

According to public filings made with the SEC on or before February 14, 2020, there were five stockholders that beneficially owned more than 5% of our common stock: BlackRock, Inc., The Vanguard Group, First Pacific Advisors, LP, Capital World Investors, and Franklin Mutual Advisers, LLC. See “Security Ownership of Certain Beneficial Owners and Management — Security Ownership of Certain Beneficial Owners” in this Proxy Statement.
Questions and Answers About the Annual Meeting and Voting

How can I review the list of stockholders eligible to vote?

A list of stockholders as of the Record Date will be available at our offices at both 11 West 42nd Street, New York, NY 10036 and One CIT Drive, Livingston, NJ 07039 from May 1, 2020 to the date of the Annual Meeting for inspection and review by any stockholder during regular business hours. We will also make the list available at the Annual Meeting.

In the event that the Annual Meeting is held solely by means of remote communications in light of the coronavirus, or COVID-19, we will announce the decision to do so as promptly as practicable, and will issue a press release that will include details on how to inspect a list of the stockholders of record electronically. The press release will be posted to our website www.cit.com/2020proxy and filed with the SEC as additional proxy material.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the Inspector of Election and published in CIT’s Current Report on Form 8-K, which CIT is required to file with the SEC within four business days after the date of the Annual Meeting.

Who will pay the expenses incurred in connection with the solicitation of my vote?

CIT pays the cost of preparing proxy materials and of soliciting your vote. Proxies may be solicited on our behalf by our directors, officers or employees by telephone, electronic or facsimile transmission or in person.

We have retained D.F. King & Co., Inc. to assist us in this proxy solicitation, and we anticipate that their fees will be approximately $18,000. We also may pay brokers, nominees, fiduciaries, and other custodians their reasonable fees and expenses for sending proxy materials to beneficial owners and obtaining their instructions.
Directors

General Information

CIT is pleased to propose 12 director nominees for election at the Annual Meeting, each of which is standing for re-election. The nominees consist of a diverse group of professionals in their respective fields, many of whom have or have had senior leadership experience at banks, financial institutions and other business, academic and governmental organizations. In these positions, they have gained expertise in strategic and financial planning, regulatory and banking matters, financial reporting, corporate governance, risk management and leadership development, technology services, cybersecurity and mergers and acquisitions. Several of the current directors also have a longstanding knowledge and in-depth understanding of our businesses, products, and services. The biographies below describe the skills, qualifications, attributes and experiences of each of the nominees that were considered by the Board in determining that it was appropriate to nominate these directors.

The Governance Committee and the Board believe the skills, qualities, and experience of our directors provide CIT with a diverse range of perspectives and backgrounds to engage each other and management to effectively address CIT’s needs and represent the best interests of CIT’s stockholders.

CIT’s directors are elected on an annual basis, and each nominee who is elected at the Annual Meeting will hold office until the 2021 Annual Meeting and until his or her successor is elected and qualified, or until the director’s earlier death, resignation or removal.

During 2019, our Board met 13 times. The number of 2019 meetings for each committee of the Board (each, a “Board Committee”) is disclosed in “Corporate Governance — Board Committees” in this Proxy Statement. During 2019, all of the nominees listed below attended at least 75% of the aggregate of the total number of meetings of the Board and of any Board Committees on which he or she served that were held during his or her period of service on the Board and applicable Board Committees. Our Corporate Governance Guidelines provide that directors are expected to attend the Annual Meeting. Each of the nominees listed below attended our 2019 annual meeting of stockholders.

Board Evaluation

The Board completes an annual self-evaluation as part of its process to ensure that the Board is functioning effectively. The Corporate Governance Guidelines provide that the Board undertake a performance evaluation every year, overseen by the Governance Committee. In practice, each year, each director completes a questionnaire reflecting his or her assessment of the effectiveness of the Board and the Board Committees on which he or she serves. Although the specific questions may vary from year to year, the topics generally include the substance and efficiency of Board and Board Committee meetings and materials, utilization of skills and committee appointments, skills and experience needed for the Board, and Board engagement and interaction. The General Counsel confidentially summarizes the directors’ responses for review by the Governance Committee, the Board and the Board Committees. The Board and Board Committees review the summary in executive session and consider what actions, if any, to take as a result.
Nominees

The information below includes each nominee’s age and business experience during at least the past five years. CIT knows of no family relationships among the nominees or between any nominee and an executive officer of CIT. **Corporate Governance**

CIT is committed to the values of effective corporate governance and high ethical standards. Our Board believes that these values promote long-term performance and reevaluates our governance policies on an ongoing basis to ensure they sufficiently meet CIT’s needs and our stockholders’ interests. Listed below are some of our significant corporate governance practices and policies.

Our Board will act on the Governance Committee’s recommendation within 90 days of the applicable stockholder meeting and will then publicly disclose its decision.</td>

Corporate Governance

Additional information is provided below regarding these and certain other key corporate governance policies which we believe enable us to manage our business in accordance with the highest standards of business practices and in the best interests of our stockholders. CIT’s Board established the Corporate Governance Guidelines to further its long-standing objective of providing effective governance of CIT for the long-term benefit of CIT’s shareholders. The Board regularly reviews and revises the Corporate Governance Guidelines to ensure they continue to reflect best practices. Investors can find a copy of CIT’s Corporate Governance Guidelines and other governance policies on our website at www.cit.com/about/us/governance/. The Corporate Governance Guidelines and information contained on the CIT website are not incorporated by reference in, and do not constitute part of, this Proxy Statement.

Director Independence

Our Corporate Governance Guidelines require that a substantial majority of the Board be composed of directors who meet the independence criteria established by the NYSE. The Board consists of 12 directors, 11 of whom are independent. All committee chairs and members have been evaluated and determined to be independent. All directors are required to stand for election each year, providing our shareholders with frequent opportunities to express their views on each director’s individual performance. CIT’s management team benefits from engaged Board members who have experience managing a broad range of organizations in both the public and private sectors.

For a director to be considered independent, the Board must affirmatively determine that neither the director nor any of such director’s immediate family has a material relationship with CIT. In making its determination, the Board considers all relevant facts and circumstances, both with respect to the director and with respect to any persons or organizations with which the director has an affiliation, including immediate family members. The Board also considers the specific independence criteria for directors as defined by the NYSE.

In furtherance of our Board’s commitment to maintain the independence of our independent directors, the Board implemented a charitable contributions policy. The policy requires that if any charitable contribution proposed to be made by CIT to an organization in which a director is affiliated exceeds $25,000, such contribution is subject to the approval of the Governance Committee. In determining whether to approve any such contribution, the Governance Committee considers whether the donation would impair the director’s independence.

Based on the foregoing considerations, the Board has determined that, except for Ms. Alemany, our Chairwoman and CEO, all of CIT’s directors are independent and each of the Board Committees is composed solely of independent directors. In making this determination, the Board considered the transactions described below under the heading “Related Person Transactions Policy”.

Director Tenure

The average tenure of CIT’s directors is six years, with more than half of the director nominees having a tenure of less than 10 years. Current tenure lengths among our directors are varied, with five seasoned directors having a tenure of 10 years or longer, five mid-tenured directors having a tenure of four to six years, and two newer directors having a tenure of approximately three years or less. The Governance Committee, which is responsible for nominating individuals to the Board, considers tenure, among other factors, when making its determinations.

The Governance Committee believes that our longer-tenured directors have vital experience and knowledge of CIT that provide the Board with a better understanding of CIT’s business and operations. This experience continues to create long-term value for the Board and our stockholders, particularly when balanced with the unique skills, views and experiences of newer directors.
Corporate Governance

Related Person Transactions Policy

The Board has adopted a “Related Person Transactions Policy” for the review and approval of “related person transactions,” which is defined under such policy as any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which CIT was or is to be a participant, the amount involved exceeds or is expected to exceed $120,000 in a single calendar year, and an executive officer, director, director nominee, or a 5% beneficial owner of any class of CIT’s voting securities (or any of their respective immediate family members) had or will have a direct or indirect material interest, other than the following:

- interests arising solely from the related person’s position as a director or limited partner, or from the direct or indirect ownership by the related person, and all other related persons, in the aggregate of less than a 10% equity interest in another corporation or organization that is a participant in the transaction;
- amounts due from related persons to CIT for purchases of goods and services subject to usual trade terms, for ordinary business travel and expense payments, and for other indebtedness transactions in the ordinary course of business;
- interests arising solely from the ownership of a class of CIT’s equity securities, if all holders of that class of equity securities receive the same benefit on a pro rata basis;
- transactions where price is determined by competitive bid, or where the service is rendered as a common carrier or public utility at rates fixed pursuant to law;
- transactions that involve compensation to a director, or compensation to executive officers, approved by the Board; or
- interests arising solely from the related person’s position as an executive officer or director of another entity that is a participant in the transaction, where (a) the related person and his or her immediate family members own in the aggregate less than a 5% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction, and (c) the amount involved in the transaction equals less than 2% of the annual gross revenues of each of CIT and the other entity that is a participant in the transaction.

Under this policy, any proposed related person transaction will be considered at the next meeting of the Governance Committee, but if it is not desirable for CIT to wait until the next meeting, the transaction will be submitted to the Chairperson of the Governance Committee for approval, subject to reporting any such approval at the next Governance Committee meeting. In either case, the benefits to CIT, the availability of other sources of comparable products or services, the terms of the transaction, the terms available to unrelated third parties, and whether the transaction was undertaken in the ordinary course of business, will be considered. The Governance Committee will approve only those related person transactions that are in, or are not inconsistent with, the best interests of CIT and its stockholders, as the Governance Committee determines in good faith. In certain circumstances, if the Chief Executive Officer, Chief Financial Officer or General Counsel of CIT becomes aware of a related person transaction that has not been previously approved or ratified under the policy, the Governance Committee will determine if rescission of the transaction is appropriate, and will request that the Chief Financial Officer evaluate CIT’s controls and procedures to ascertain the reason the transaction was not submitted to the Governance Committee or its Chairperson for prior approval.

During 2019, there were no related person transactions, and the Governance Committee did not review any transaction under the Related Person Transactions Policy.

The Board and management may have deposit relationships with CIT Bank, N.A.

We have in the past and may in the future enter into certain transactions with affiliates, other than directors and executive officers. Such transactions have been, and it is anticipated that such transactions will continue to be, entered into on an arm’s length basis at a fair market value for the transaction and, as a result, are not required to be approved under the Related Person Transactions Policy.
Appointment of Directors

All of CIT’s twelve nominees for director are standing for re-election. For more information, see “Directors — Nominees”.

Diversity of Directors

Under our Corporate Governance Guidelines, the Board has adopted a diversity policy and seeks diversity in its members with respect to background, skills and expertise, industry knowledge, and experience. Our Corporate Governance Guidelines set forth general criteria for nomination and re-nomination to the Board, including:

• judgment, integrity, commitment, and candor;
• leadership and decision-making experience in complex organizations, including corporations, banking and financial institutions, and government, education, and military institutions;
• expertise, knowledge, and skills useful for overseeing our business; and
• diversity of background, perspectives, skills and experience.

When considering directors for re-nomination, the Governance Committee also considers attendance, preparedness, participation and candor.

The Governance Committee reviews with the Board the skills, characteristics and diversity of background appropriate for CIT’s directors. When seeking to fill Board vacancies, the Governance Committee evaluates the skills and characteristics of the existing directors, including the diversity of background, perspectives, and experience of the directors, to identify any gaps that should be filled. The Governance Committee then utilizes that information to guide its search for new director nominees.

CIT is honored to have a diverse board of directors that bring unique perspectives to the governance of the Company. The Company was recognized by the Women’s Forum of New York for its gender diversity on the board. CIT’s Board is also represented by diverse ethnicities.

Majority Voting for Directors

Under our By-Laws and Corporate Governance Guidelines, in an uncontested election (i.e., director nominees are all nominated by CIT), a nominee for director is elected if the votes cast “for” such nominee’s election exceed the votes cast “against” such nominee’s election; however, directors are elected by a plurality of the votes cast at any meeting of stockholders for which (i) the Corporate Secretary of CIT receives a notice that a stockholder has nominated a person for election to the Board in compliance with the advance notice requirements for stockholder nominees set forth in our By-Laws, and (ii) such nomination has not been withdrawn by such stockholder on or before the tenth day before CIT first mails its notice of meeting for such meeting to the stockholders. If directors are to be elected by a plurality of the votes cast, as permitted under Delaware law and our By-Laws, stockholders shall not be permitted to vote “against” a nominee. Votes cast shall not include abstentions with respect to the election of directors. Under our Corporate Governance Guidelines, if a majority vote is required, any nominee who fails to receive the required vote “for” his or her election or re-election must promptly tender his or her resignation to the Chairwoman of the Board. If an incumbent director fails to receive the required vote for re-election, the Governance Committee will promptly consider the resignation submitted by such director and will recommend to the full Board whether to accept such resignation. The Governance Committee will consider all factors that it deems relevant in making its recommendation, including any stated reasons why stockholders voted “against” the director, the length of service and qualifications of the director, the director’s contributions to CIT and CIT’s Corporate Governance Guidelines.
Corporate Governance

The Board will act on the recommendation of the Governance Committee no later than 90 days following the date of the meeting of stockholders at which the election occurred. The Board will review the factors considered by the Governance Committee and such other information and factors as the Board deems relevant. We will promptly disclose the Board’s decision whether to accept the resignation as tendered, and provide a full explanation of the process by which the decision was reached and, if applicable, the reasons the Board rejected the tendered resignation, in a Current Report on Form 8-K filed with the SEC.

If one or more directors’ resignations are accepted by the Board, the Governance Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board.

Board Leadership Structure

Effective April 1, 2016, Ellen R. Alemany assumed the role of Chief Executive Officer and effective May 10, 2016, Ms. Alemany assumed the role of Chairwoman. Therefore, as of and since May 10, 2016, the positions of Chief Executive Officer and Chairwoman were held by one person, Ellen R. Alemany. In deciding to continue CIT’s practice of combining the Chief Executive Officer and Chairwoman positions, the primary factors considered by the Board were the importance of a unified strategic and operating focus, the benefits of clarity in the management structure of the organization, and the need for consistent communications to stockholders, customers, regulators and other constituencies. This structure also best assures that Ms. Alemany will be able to use her in-depth knowledge and perspective gained from running CIT to effectively and efficiently guide our Board. By being closely connected with both CIT’s senior level managers and the Board, Ms. Alemany is better able to appreciate and balance the perspectives of both groups.

To establish a liaison between the non-management directors and the Chairwoman and Chief Executive Officer and foster effective communication between them, the independent directors on CIT’s Board also appoint a Lead Director who is independent of management. This position is currently held by Vice Admiral John R. Ryan, USN (Ret.). The Board has structured the role of our independent Lead Director to strike an appropriate balance with the combined Chairwoman and Chief Executive Officer role and to fulfill the important requirements of independent leadership on the Board. As Lead Director, Mr. Ryan:

• presides over all meetings of the Board at which the Chairwoman is not present;
• presides at executive sessions of the Board;
• develops and approves meeting agendas for the Board to ensure that management is addressing all matters of concern or interest to the Board and that sufficient time for discussion is allocated for each matter; and
• serves as a liaison between the Chairwoman and the independent directors.

Director Succession

The Governance Committee periodically reviews with the Board the skills and characteristics appropriate for Board members. The Board seeks diversity in its members with respect to background, skills and expertise, industry knowledge, and experience. The Board, through its Governance Committee, believes that it is appropriate to consider the value of each director’s contributions and overall performance of the Board. On February 20, 2020, the Board determined that age is an imprecise measure of each director’s contributions and decided to eliminate its policy that individuals will not be nominated for election to the Board if on the date of election by shareholders their age would be 75 or older. The Board will continue to evaluate all Board members on the basis of their skills and expertise, industry knowledge, dedication and preparation, and overall contributions to the Board.
The Board’s Role in Risk Oversight

In light of CIT’s evolving business and strategic direction, the Board believes that evaluating how CIT’s executive team manages the various risks confronting CIT is one of the most important areas of its oversight responsibilities and that effectively balancing risk and return is critical to the long-term success of CIT. CIT has a comprehensive enterprise risk management program that governs the policies and procedures used by management to monitor, evaluate and manage the risks we assume in conducting our business activities. Our Board’s oversight of this risk management process is conducted primarily by our Audit Committee and our Risk Management Committee; however, each of the other Board Committees also considers risk within its area of responsibility. The following describes some of the risks overseen by the Board Committees.

Audit Committee

The duties of the Audit Committee include reviewing and discussing with the appropriate members of management CIT’s major financial risk exposures, including interest rate, liquidity, foreign currency exposure, cash investment, funding, swap-counterparty, and asset-liability management risks, as well as overseeing CIT’s internal controls over financial reporting. In addition, the Audit Committee is responsible for the oversight of, and receives regular reports regarding, CIT’s internal audit and compliance functions and risks related to litigation, compliance and legal matters as well as enterprise, operations and market risks. The Audit Committee and Risk Management Committee meet together quarterly in joint sessions to ensure appropriate communications regarding areas of overlap in overseeing risk.

Risk Management Committee

The duties of the Risk Management Committee include overseeing CIT’s risk management functions and processes, including (a) reviewing and recommending to the Board an annual risk appetite statement, and reviewing management’s risk appetite limits report to confirm that CIT is operating within its risk appetite statement, (b) ensuring that management has established processes and an enterprise risk management framework and governance structures designed to identify, bring to the Board’s and/or the Risk Management Committee’s attention, and appropriately manage, monitor, control and report exposures to the major risks affecting CIT, including risk management deficiencies and the timely implementation of corrective actions to address such deficiencies, (c) monitoring the performance, quality and trends associated with CIT’s credit portfolio, (d) assessing, jointly with the Audit Committee, the adequacy of CIT’s allowance for loan losses and management’s methodology for determining such allowance, (e) receiving, jointly with the Compensation Committee, management’s assessment of the design and operation of CIT’s incentive compensation programs, and (f) overseeing CIT’s stress testing process and capital planning. The Risk Management Committee also oversees CIT’s loan review function, information security processes, business continuity planning, and the use of insurance to manage certain of CIT’s risks.

Compensation Committee

The duties of the Compensation Committee include regularly assessing risks related to our compensation programs, including our executive compensation practices. Management provides information on a regular basis to the Compensation Committee regarding compensation elements and features that could mitigate or encourage excessive risk-taking. In assessing compensation related risks, the Compensation Committee, together with the Risk Management Committee, considers the balance between annual and longer-term performance incentives, performance measures that motivate sustained performance while prudently managing risk, stock ownership guidelines that align executives’ interests with those of our stockholders, and our clawback policy to recoup compensation.

Governance Committee

The duties of the Governance Committee include reviewing and minimizing risks by ensuring appropriate policies and practices exist and are implemented to avoid or manage conflicts of interest by and among CIT, its executive officers, directors, director nominees and stockholders, overseeing an effective succession planning process,
Corporate Governance

overseeing CIT’s Political Contributions Policy and lobbying practices, and adopting prudent governance policies. For more information, see “Corporate Governance” above for a list of significant corporate governance practices and policies.

Cybersecurity

In addition to the risks described above, the Board is also actively involved in oversight of CIT’s cybersecurity risks. In recent years, a number of highly-publicized data breaches and other cybersecurity attacks have demonstrated that cybersecurity events can lead to significant financial losses and reputational harm to the breached company. Information security, including cybersecurity, is a high priority for CIT and the Board, and CIT continues to develop policies and technology to protect both CIT’s and its clients’ information from cyberattacks or other corruption or loss. The Risk Management Committee oversees CIT’s technology and cybersecurity risks.

CIT has implemented an Information Risk Group (“IRG”) that oversees the Chief Information Security Officer (“CISO”), who is responsible for developing, implementing, and maintaining an effective information security program. The IRG is responsible for the ongoing monitoring, testing, and measurement of effectiveness of CIT’s information security program and business continuity program. In addition, CIT has adopted the Federal Financial Institutions Examination Council’s Cybersecurity Assessment framework for the identification of inherent cybersecurity risk, measurement of cybersecurity maturity based on the risk profile of the Company, management and deployment of cybersecurity controls, and is an active participant in the Financial Services Information Sharing and Analysis Center.

The Board actively oversees CIT’s efforts to maintain and enhance its operations resilience, and regularly reviews CIT’s cybersecurity practices. Through its committees, the Board reviews and approves information security policies and programs, including those relating to cybersecurity, security risk assessment, security strategies, disaster recovery, business continuity and incident response plans, and is briefed at least on a quarterly basis on information security matters. The CISO conducts training and awareness programs for the Board to ensure that the Board remains aware and informed on information security incidents and response plans.

Corporate Social Responsibility

We believe responsible companies can be a powerful force for good. At CIT, we are committed to making positive and lasting impacts in our communities through our business activities, our investments and our focus on building an inclusive culture with the highest ethical standards.

Our social responsibility framework encompasses financial and personal empowerment, support of the environment and the advancement of health and wellness. Additionally, we are committed to building an inclusive and supportive culture that allows our employees to bring their best selves to work. This is guided by our core values, which we call our Pride Pledge, and our diversity and inclusion program called Be You. For more information on CIT’s social responsibility and sustainability efforts, visit our website at www.cit.com/csr. Our website is not a part of, or incorporated by reference, in this proxy statement for any purpose.

Succession Planning

The Board is actively engaged and involved in talent management. The Board reviews the Company’s human resources strategy in support of its business strategy at least annually. This process includes a detailed discussion of the Company’s leadership bench strength and succession plans with a focus on key positions at the senior officer level. In addition, the Board Committees regularly discuss the talent depth for specific critical roles. High potential leaders are given exposure and visibility to Board members through formal presentations and informal events. For more information on CIT’s Board Committees, see “Corporate Governance — Board Committees” below.
**Director and Senior Executive Officer Stock Ownership Policy**

CIT believes that significant stock ownership by its directors and senior executive officers further aligns their and CIT stockholders’ interests. Accordingly, under our Corporate Governance Guidelines, within a specified period of time, directors are required to own shares of CIT’s common stock at least equal in value to five times the amount of the directors’ annual retainer fee. “Value” is generally calculated as the number of shares owned multiplied by the greater of (i) the current stock price or (ii) the 3-year average stock price of CIT’s common stock. This minimum stock ownership must be maintained for as long as both (a) such director remains on the Board and (b) CIT’s common stock is publicly traded on a national securities exchange. Senior executive officers of CIT are also required to own a minimum amount of CIT shares as further described in the “Compensation Discussion and Analysis” portion of this Proxy Statement.

As described in greater detail under “Hedging, Margin Accounts and Pledged Securities” below, CIT’s directors are prohibited from entering into financial transactions to hedge their ownership interest in CIT’s stock.

**Board Committees**

During 2019, our Board maintained an Audit Committee, a Compensation Committee, a Governance Committee, and a Risk Management Committee as standing committees. Each of the Audit Committee and Compensation Committee are currently comprised of four directors. Each of the Governance Committee and the Risk Management Committee are currently comprised of five directors. Each director serving on the Audit Committee, the Compensation Committee, the Governance Committee and the Risk Management Committee is independent as defined by the NYSE and SEC rules and regulations. Each Board Committee has a separate chair and operates under a written charter. The current version of the written charter of each standing Board Committee is available on our website at [www.cit.com/about/us/governance/board-of-directors/](http://www.cit.com/about/us/governance/board-of-directors/).

**Board Committee Duties, Generally**

Each Board Committee:

- conducts its duties consistent with its written charter, which it reviews and updates (if appropriate) at least annually;
- conducts a self-evaluation annually;
- cooperates and coordinates with the other Board Committees on areas where the substance of their activities overlap; and
- regularly reports to the Board.

The Compensation Committee may form and delegate authority to subcommittees comprised of one or more members of the Compensation Committee. It may also delegate to CIT’s employee benefits committee the responsibility to review and recommend material revisions to retirement plans, severance plans, plans permitting deferral of compensation, or any other benefit plan in which the executive officers are participants. The Compensation Committee also has the authority to engage such consultants and independent counsel as it determines is appropriate to assist it in the performance of its responsibilities.

In 2019, the Board engaged the independent, external consulting firm Pay Governance LLC ("Pay Governance") to advise the Compensation Committee on all matters relating to the compensation of our executive officers. The Board directly retained Pay Governance independently from CIT management, and Pay Governance does not advise management for any purpose. The Compensation Committee has assessed the independence of Pay Governance pursuant to SEC rules and concluded that Pay Governance’s work for the Compensation Committee does not raise a conflict of interest.

The Governance Committee oversees CIT’s governance policies and processes for nominating directors, which duties include:

- identifying and recommending qualified candidates to fill positions on the Board and its Board Committees;
- reviewing and recommending to the Board the compensation and benefits for directors (other than directors who are also employees of CIT);
- overseeing the evaluation of the structure, duties, size, membership and functions of the Board and its Board Committees;
- overseeing the self-evaluation of the Board and its Board Committees;
- overseeing CIT’s Corporate Governance Guidelines and related policies;
- reviewing and recommending to the Board for approval the principal terms of renewals or material changes to CIT’s Directors & Officers Liability Insurance Policy;
- overseeing the succession planning process for CIT’s Board, Chief Executive Officer, executive officers and senior managers; and
- reviewing disclosures in CIT’s annual proxy statement regarding the Governance Committee and the director nominating process, as well as any stockholder proposals and statements in opposition.

The Governance Committee considers and evaluates all director candidates recommended by our stockholders in accordance with the procedures set forth in our Corporate Governance Guidelines. Stockholders may propose qualified nominees for consideration by the Governance Committee by submitting the names and supporting information in writing to: Office of the General Counsel, CIT Group Inc., 11 West 42nd Street, New York, NY 10036. Such supporting information shall include (1) a statement containing the notarized signature of the nominee whereby such nominee consents to being nominated to serve as a director of CIT and to serving as a director if elected by the stockholders; (2) information in support of the nominee’s qualifications to serve on the Board and the nominee’s independence from management; (3) the name or names of the stockholders who are submitting such proposal, the number of shares of CIT common stock held by each such stockholder, and the length of time such shares have been beneficially owned by each such stockholder; and (4) any other information that the stockholders believe to be pertinent. To be considered for nomination by the Governance Committee, any such nominees shall be proposed as described above no later than December 15th of the calendar year immediately preceding the applicable annual meeting of stockholders.3 Our Corporate Governance Guidelines provide that no person shall qualify for service as a director if he or she is a party to any compensatory, payment or other financial agreement, arrangement or understanding with any person or entity other than CIT, or has received any such compensation or other payment from any person or entity other than CIT, in each case in connection with candidacy or service as a director of CIT.

3 For deadlines related to the inclusion in the 2021 proxy statement of candidates nominated by stockholders, and for such candidates to be addressed at the 2021 Annual Meeting of Stockholders, please refer to “Other Business — Stockholder Proposals and Nominations for the 2021 Annual Meeting” below.
Stockholder Communications with the Board

Any person who has a concern about CIT’s governance, corporate conduct, business ethics or financial practices may communicate that concern to the non-employee directors. In addition, CIT’s stockholders may communicate with the Board regarding any topic of current relevance to CIT’s business. Any of the foregoing communications should be submitted in writing to the Lead Director, the Audit Committee, or the non-employee directors as a group by writing to them, c/o CIT’s General Counsel and Corporate Secretary, 11 West 42nd Street, New York, NY 10036, or by email to directors@cit.com. Concerns and stockholder communications may also be directed to the Board by calling the CIT Hotline in the U.S. or Canada at 1-877-530-5287. To place calls from other countries in which CIT has operations, individuals may call the toll free numbers listed in our Code of Business Conduct, which is available on our website at www.cit.com/about/us/governance/. These concerns can be reported confidentially or anonymously. Concerns and issues communicated to the Board will be addressed through CIT’s regular procedures:

- depending on the nature of the concern or issue, your communication may be referred to CIT’s Chief Auditor, General Counsel, Chief Human Resources Officer or other appropriate executive for processing, investigation, and follow-up action;
- concerns relating to CIT’s accounting, internal accounting controls or auditing matters will be referred to the Audit Committee; and
- other concerns may be referred to either CIT’s Lead Director or to one or more non-employee members or Board Committee.

CIT’s General Counsel reserves the right not to forward to Board members any abusive, threatening or otherwise inappropriate materials or any other communications intended solely to market services or products to directors or CIT.
Corporate Governance

Compensation Committee Interlocks, Insider Participation and Banking Interlocks

There are no interlocking relationships between any member of our Compensation Committee and any of our executive officers that would require disclosure under SEC rules. No member of our Compensation Committee is a current or former officer or employee of CIT. No member of our Board and none of our “senior executive officers” (as defined in 12 C.F.R. §225.71) is a management official of an unaffiliated depository organization institution or depositary holding company.

Legal Proceedings

There are no known legal proceedings or events in the past ten years that are material to an evaluation of any director, executive officer, or person nominated to become a director or executive officer of CIT.

CIT Political Contributions Policy

CIT believes that an important part of responsible corporate citizenship is participation in the political and public policy process. The focus of these efforts is on issues that affect the company, our operations, employees, customers, shareholders and local communities. Our business is subject to extensive laws and regulations at the federal, state and local levels, and changes to these laws can significantly affect how we serve our customers and the costs we incur. It is important for CIT to engage in the political dialogue to advance the interests of our company.

• Even where legally permitted, CIT’s policy is to not use any company funds or property for any candidate campaign funds, including candidate campaign committees, political parties, caucuses, or independent expenditure committees (super PACs).
• CIT may use contract lobbyists and trade associations to monitor and provide comments on proposed legislation and regulations that may affect how our customers can be served. The General Counsel must approve any lobbying activities by employees or the use of company funds for lobbying.
• CIT’s Political Action Committee (“PAC”) is a non-partisan committee that provides an opportunity for company employees to participate in the political process. The PAC is funded entirely through voluntary contributions from eligible CIT employees, and uses those funds to support candidates running for elective office, political parties, and other political action committees that are supportive of CIT’s public policy goals.
• CIT’s Code of Business Conduct encourages employees to participate in civic and political activities on their own time based on their individual desires and political preferences, including making personal contributions to political candidates or activities, as long as they do not express or imply that they are acting on behalf of CIT.

Hedging, Margin Accounts and Pledged Securities

Under CIT’s Securities Trading Policy, all CIT directors and employees are prohibited from entering into hedging or monetization transactions related to CIT’s securities, including the use of financial instruments such as prepaid variable forward contracts, puts, calls, equity swaps, credit default swaps, collars, exchange funds or other derivative instruments related to CIT’s securities. CIT’s directors and employees are also prohibited from holding CIT’s securities in a margin account or otherwise pledging CIT securities as collateral for a loan.
Director Compensation

The Governance Committee recommends to the Board the compensation and benefits for CIT’s non-employee directors. The objectives of the director compensation program are to attract highly qualified individuals to serve on the Board and to align their interests with our stockholders. Employee directors do not receive compensation for their services as a director.

CIT’s director compensation plan is described below. Directors’ compensation is earned for each twelve-month period beginning in May and ending in April but is disclosed in the annual proxy statement on a fiscal year basis.

Changes to Director Compensation for 2019

The Governance Committee, with the assistance of the Board’s compensation consultant, Pay Governance, reviewed the Company’s director compensation plan in January 2019 (the “Prior Plan”), as well as director pay data for CIT’s proxy peer group. Following this review, the Governance Committee recommended to the Board of Directors — and the Board of Directors approved — the following amendments to the Prior Plan (the “Amended Plan”) effective as of May 14, 2019: (1) an increase to the annual cash retainer from $85,000 to $90,000; (2) an increase to the annual equity award from $95,000 to $115,000; (3) an increase to the supplemental director compensation for serving as Lead Director from $25,000 to $40,000, and for serving as Compensation Committee Chair or Risk Management Committee Chair from $15,000 to $20,000; (4) replacing meeting fees for serving on the Board of Directors of CIT Bank (the “CIT Bank Board”) with a supplemental retainer of $10,000; (5) reduce the vesting requirement for future equity awards from three years to one year; and (6) eliminating initial equity awards valued at $100,000 in connection with a director’s appointment to the Board.

Initial Equity Awards

Effective as of May 14, 2019, the initial equity award to new directors was eliminated in accordance with the Amended Plan approved by the Board. Under the Prior Plan, a one-time grant of restricted stock units (“RSUs”) valued at $100,000 at the time of grant was awarded to directors in connection with their appointment to the Board, subject to applicable black-out periods and vested in three equal annual installments. For directors who became members of the Board of CIT Bank, N.A. and did not at that time own any CIT Group Inc. common stock, vesting of a number of shares equal to $1,000 of the one-time grant of RSUs was accelerated to the date that the director joined the Board of CIT Bank, N.A.
Director Compensation

Annual Compensation

The following table outlines the elements of compensation paid to directors for the twelve-month period beginning in May 2018 and ending in April 2019, and determined by each director’s role on the Board, pursuant to the Prior Plan.

(1) The Prior Plan provided for supplemental director equity-based awards in the form of RSUs as follows: $25,000 for serving as Audit Committee Chair, $15,000 for serving as Risk Management, Compensation, or Governance Committee Chair, $25,000 for serving as Lead Director and $10,000 for serving on more than one Board Committee. The range of compensation listed in the “Equity-Based Award” and “Total” rows of the preceding table represent the foregoing amounts. The maximum amounts in such ranges presume that a director serves as Audit Committee Chair and Lead Director and serves on more than one Board Committee.

Effective as of May 14, 2019, pursuant to the Amended Plan, the following table outlines the elements of compensation paid annually to directors for each twelve-month period beginning in May and ending in April and determined by each director’s role on the Board.

</tbody>
</table>

(1) CIT’s Amended Plan provides for supplemental director equity-based awards in the form of RSUs as follows: $25,000 for serving as Audit Committee Chair, $20,000 for serving as Risk Management or Compensation Committee Chair, $15,000 for serving as Governance Committee Chair, $40,000 for serving as Lead Director, and $10,000 for serving on more than one Board Committee. The range of compensation listed in the “Equity-Based Award” and “Total” rows of the table represent the foregoing amounts. The maximum amounts in such ranges presume that a director serves as Audit Committee Chair and Lead Director and serves on more than one Board Committee.

Annual Cash Retainer

Under both the Prior Plan and Amended Plan, an annual cash retainer is payable semi-annually in May and October of each year. Directors may elect to receive their annual cash retainer in any combination of cash and RSUs that settle 100% in shares of CIT stock. RSUs granted in lieu of cash as part of the annual retainer vest in full on the first anniversary of the grant date.

Annual Equity Awards

Under the Prior Plan, directors’ equity-based awards were granted in May of each year in the form of RSUs that settle 50% in cash and 50% in shares and vest in three equal annual installments. Under the Amended Plan,
Director Compensation

directors’ equity-based awards are granted in May of each year in the form of RSUs that settle 50% in cash and 50% in shares and fully vest on the first day of the calendar month following the first anniversary of the award. Directors may elect to receive 100% of vested RSUs in shares of CIT stock.

Pro-Ration Upon Joining the Board

Annual cash retainers and the value of annual equity-based awards payable to directors with respect to the compensation year during which they are named to the Board are prorated, based on the number of months remaining in the compensation year at the time they are appointed to the Board divided by twelve. Under the Amended Plan for directors who also become members of the CIT Bank Board and do not at the time of their appointment own any CIT common stock, vesting of that number of shares equal to $1,000 of the prorated annual equity-based award will be accelerated to the date that the director joins the CIT Bank Board.

Meeting Fees

In accordance with the Amended Plan effective May 14, 2019, meeting fees for CIT Bank were eliminated and replaced with an annual cash retainer of $10,000 as described above. Prior to May 14, 2019 CIT Group directors who also served on the CIT Bank Board received $1,000 for each meeting of the CIT Bank Board in which they participated in person, and $500 for each meeting of the CIT Bank Board in which they participated by telephone. Such fees were payable quarterly in arrears, in cash. No additional fees were paid for attendance at CIT Group Board or Board Committee meetings.

Out-of-Pocket Expenses

Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending Board or Board Committee meetings and functions and for continuing education related to serving as a director of CIT.

(1) Ms. Alemany’s compensation for 2019 was based solely on her role as CEO of CIT, as disclosed in the “Summary Compensation Table” and discussed in the “Compensation Discussion and Analysis” section in this Proxy Statement.

(2) The amounts shown for each non-employee director include annual cash retainer and meeting fees received during 2019 for participation in meetings of the CIT Bank Board, as set forth in the table below:
Messrs. Brosnan and Oates each received a supplemental cash retainer of $15,000 during 2019 for their services in advising on projects to upgrade certain regulatory compliance programs, which have since been completed. These supplemental cash retainers are included in the amounts reported above.

During 2019, Messrs. Carpenter and Rosenfeld and Ms. Unger elected to receive 100% of their annual retainers in the form of RSUs. All of the other non-employee directors received their retainers as cash. The grant date fair value of RSUs received at each director’s election did not exceed the value of the foregone cash retainer, and no amount related to such awards is therefore included in the “Stock Awards” column. The retainer amounts were converted to a number of RSUs based on the closing price of CIT common stock on the respective grant dates, and are scheduled to vest 100% on the first anniversary of the grant date. The number of RSUs granted and the grant date fair value of awards granted at each director’s election are as follows: Each of Mr. Carpenter, Mr. Rosenfeld and Ms. Unger received 882 RSUs granted on May 14, 2019 ($45,000), and 1,011 RSUs granted on October 23, 2019 ($45,000).

(3) Represents the aggregate grant date fair value of RSUs granted during 2019 for each non-employee director, other than for RSUs granted as part of the annual retainer and described in footnote 2 above. These amounts do not represent the actual value realized by each director. The grant date fair value is determined in accordance with FASB ASC Topic 718 based on the closing price of CIT common stock on the date of grant. The number of RSUs granted during 2018 was determined based on the closing price of CIT common stock on each grant date and are scheduled to vest in equal installments on the first, second, and third anniversaries of the date of the award. The number of RSUs and grant date fair value of awards granted to each non-employee director are as follows:

<table>

The RSUs listed above are scheduled to either settle 50% in cash and 50% in shares, or 100% in shares based on director elections.

The use of stock options was discontinued in April 2010, and RSUs were the only form of equity-based awards granted to directors during 2019. The number of RSUs that are vested as of December 31, 2019 but deferred at the election of the directors, included in the number of RSUs outstanding presented above, are as follows:

Mr. Carpenter — 5,306; Mr. Freeman — 2,654; Mr. Oates — 2,152; Mr. Rosenfeld — 18,671; Mr. Ryan — 8,375; Ms. Stamps — 2,451; and Ms. Unger — 14,339.
Executive Officers

The following table sets forth certain information, regarding CIT’s executive officers, as of January 1, 2020. The executive officers were appointed by and hold office at the discretion of the Board. On December 10, 2019, the Board revised its criteria for evaluating whether an officer is an “executive officer,” as that term is defined in applicable laws and regulations. As a result, the Board re-designated CIT’s executive officers, effective January 1, 2020, and certain senior executives previously designated as “executive officers” are no longer executive officers, although they continue to serve in their respective positions. No family relationship exists among CIT’s executive officers or with any director. The executive officers, like all directors and employees, are subject to CIT’s Code of Business Conduct, which is available on our website at www.cit.com/about/us/governance/. Certain executive officers may also be directors or trustees of privately held or not-for-profit organizations that are not referred to below.

(1) See “Directors — Nominees” in this Proxy Statement for Ms. Alemany’s biographical information.

**James J. Duffy** has served as Executive Vice President and Chief Human Resources Officer at CIT since August 2016. He is responsible for overseeing the human resources function, including the development and implementation of the company’s global employee talent programs, employment policies, compensation and benefits. Mr. Duffy was previously Chief Human Resources Officer at Ally Financial Inc., from May 2010, where he was responsible for HR, including compensation, staffing, leadership development, talent management and acquisition, employee relations and organizational development. Prior to Ally, Mr. Duffy was the chief human resources officer at CIT. Prior to joining CIT in 2006, he served as Senior Vice President of Human Resources for Citigroup’s Global Consumer Group, a $13 billion business offering a full range of consumer products with more than 200,000 employees in 50 countries. Before joining Citigroup, Mr. Duffy held senior HR positions at other major banking and manufacturing companies, including AlliedSignal, Ingersoll-Rand, Bankers Trust and GE. Mr. Duffy earned a Bachelor of Science degree in Industrial and Labor Relations from Cornell University.

**John J. Fawcett** has served as Executive Vice President and Chief Financial Officer since May 2017. He is responsible for strategic planning, financial analysis, accounting, treasury management, tax and investor relations. Previously, Mr. Fawcett served as CFO of Citizens Financial Group (CFG) and Royal Bank of Scotland (RBS) Americas from 2007 through 2015. He was instrumental in leading the CFG initial public offering and separation of CFG from RBS in September 2014. Prior to this he had a 20-year tenure at Citigroup with CFO roles in various areas including as CFO of Global Transaction Services, CFO of the Commercial Markets Business and head of Financial Planning and Analysis for the Global Corporate and Investment Bank. Most recently, Mr. Fawcett served on the board of Rabobank North America, where he served as the Chair of the Audit Committee. Mr. Fawcett holds a Bachelor of Science degree in Accounting and a Master of Business Administration degree in Finance, both from St. John’s University.
Marisa J. Harney has served as Executive Vice President and Chief Credit Officer since May 2018 and as Chief Credit Officer since December 2016. Prior to joining CIT, Ms. Harney served as Chief Risk Officer, GE Capital Americas, with oversight of all risk activities, and as an officer of GE from August 2013 until June 2016. She served as Head of Corporate Credit Risk of the Americas for Bank of America after performing in various roles of increasing responsibility in both the credit and risk departments. Before Bank of America, she served as Unit Head for Chemical Bank’s and CIBC World Markets’ Media & Telecom groups and as a Senior Credit Executive for Credit Suisse First Boston. Ms. Harney holds an MBA from the New York University Stern School of Business and a bachelor’s degree in finance from Fordham University.

James R. Hubbard became Executive Vice President, General Counsel and Corporate Secretary on March 18, 2019. He is responsible for overseeing all legal, corporate governance, and insurance risk management for CIT. Mr. Hubbard previously served as Executive Vice President, General Counsel and Secretary of TIAA, FSB from June 2017 and its predecessor, Everbank Financial Corp., from August 2015 to June 2017. Prior to joining Everbank, Mr. Hubbard was Senior Vice President and Chief Legal Officer of Fifth Third Bancorp from February 2010 to August 2015 and served in various other positions at Fifth Third beginning in 1992. Prior to joining Fifth Third, Mr. Hubbard was with the law firms Frost Brown Todd LLC and Kaye Scholer LLP. Mr. Hubbard received a B.A. from Colgate University and a J.D. from the University of Cincinnati College of Law.

Denise M. Menelly has served as Executive Vice President and Head of Technology and Operations since June 2016. With an extensive track record for transforming organizations, Ms. Menelly works with all of CIT’s stakeholders to leverage new and existing technologies to drive growth throughout the company, while also leading strategic vision for streamlined operations. Ms. Menelly is also responsible for overseeing CIT’s information security strategy. Previously, Ms. Menelly spent six years with Bank of America Merrill Lynch, most recently as Head of Enterprise Shared Services, where she managed and transformed functions shared by the bank’s corporate, commercial and consumer business lines. She joined Bank of America in 2010 as the chief operating officer for Corporate Banking and then became the global head of Commercial and Corporate Bank Operations, managing functions in more than 28 countries. Prior to joining Bank of America, Ms. Menelly served as the head of operations for RBS Citizens and vice chairman of Citizens Bank. In these roles her responsibilities included the U.S.-based banking operations for Consumer Banking, Commercial Banking and Global Transaction Services. From 1996 to 2008, Ms. Menelly worked at Citigroup, implementing technology and process changes while increasing her responsibilities in various Operations and Technology roles. These included Global Head of Securities & Fund Services (SFS) Operations and Client Delivery, Head of Operations for the Commercial Business Group, Head of CitiCapital Operations, Head of Global Transaction Services Client Delivery and Head of Domestic Cash Management Operations. Ms. Menelly began her career with Bankers Trust Company in 1983 and spent the next 13 years managing various operations and technology functions. Ms. Menelly holds a Bachelor of Science degree from Manhattan College.

Wahida Plummer has served as Executive Vice President and Chief Risk Officer since May 2018. She is responsible for all of CIT’s enterprise risk management and joined CIT in 2017 as Executive Vice President in charge of regulatory matters. Prior to that she served as the head of the risk program office for Wells Fargo’s Consumer Lending Group from September 2015 to October 2017. She began her career at Citigroup and held a number of risk positions in the Global Transaction Services and CitiCapital divisions. Then she joined RBS, Americas and served in several risk, credit and compliance roles. Ms. Plummer holds an MBA in Finance from The Wharton School and a Bachelor of Science degree from the University of Maryland.

Gina M. Proia has served as Executive Vice President and Chief Marketing and Communications Officer since December 2016. She is responsible for overseeing the company’s brand, marketing, advertising, communications and social responsibility strategies as well as ensuring they support CIT’s strategic priorities. She is also responsible for advancing strategies and programs to help promote a corporate culture that aligns employees with CIT’s business goals, facilitates sustained growth, and complies with regulatory requirements. Ms. Proia has extensive experience in designing communications strategies and building brand, reputation and culture during transformations and as part of strategic growth plans. She joined CIT following 10 years at Ally Financial, where she served in a number of roles, including as Chief Communications Officer. Prior to joining Ally, Ms. Proia held various
positions at General Motors in the areas of financial and corporate communications, marketing communications, and creating influencer programs. Ms. Proia was recognized on PR Week’s 40 Under 40 List and received the Aiming High Award from Legal Momentum, the Women’s Legal Defense and Education Fund, which recognizes the accomplishments of women in business.

**Robert Rubino** became President of CIT Bank, N.A. and Head of Commercial Banking in February 2019. He is responsible for the oversight, strategic direction and growth of the commercial banking divisions, including commercial financing, capital markets, leveraged finance, asset-backed lending, real estate financing, equipment financing, commercial services, railcar financing, treasury services, and interest rate and foreign exchange risk management capabilities. Prior to joining CIT, Mr. Rubino served as Co-President of Santander Bank, N.A. and Head of Commercial Banking from June 2017 until February 2019 where he transformed the business into a national commercial banking enterprise. He developed and executed a new commercial strategy that included launching specialty businesses, opening new offices, bringing new products and capabilities to market, while enhancing business processes and controls and strengthening client satisfaction. Prior to that, he served as the Executive Vice President of Commercial Banking at Citizens Financial Group. During his 10 years with the company from July 2007 until June 2017, he led Corporate Finance & Capital Markets and was instrumental in building the commercial bank. Prior to Citizens, Mr. Rubino served in a variety of executive roles at Bank of America. Mr. Rubino holds a MS in economics from the London School of Economics and a Bachelor of Science in economics from Providence College.

**Steven Solk** has served as President of Consumer Banking since November 2016. He is responsible for the Consumer Banking business. Mr. Solk also served as President of CIT Business Capital from December 2015 until January 2018. Previously, Mr. Solk was an Executive Vice President of Commercial Finance at RBS Citizens Bank and a member of Citizens’ Executive Leadership Group from April 2010 until September 2014. In this role, he was responsible for executing growth strategies for four commercial banking specialty businesses, which included Franchise Finance, Business Capital, Asset Finance and Commercial Real Estate. Prior to RBS, Mr. Solk served in several executive roles in the financial sector, including more than 20 years at Citigroup. At Citigroup, he managed multiple lending and leasing specialty businesses and attained leading market positions in core target markets. Mr. Solk began his career at Bank of America, where he underwrote and managed corporate relationships. Mr. Solk earned a Bachelor of Arts degree in Finance from Arizona State University.

**Edward K. Sperling** has served as Executive Vice President and Corporate Controller since November 2015. Prior to being named to this position, Mr. Sperling was Senior Vice President and Deputy Controller from 2011. Mr. Sperling has held numerous leadership roles at CIT in Corporate Accounting, Internal Audit, Credit, Financial Planning and Analysis, Investor Relations, Technology and Treasury since May 1986. Mr. Sperling holds a Bachelor of Science degree in Accounting from Rutgers University and an MBA in Finance from Seton Hall University.

### Delinquent Section 16(a) Reports

Section 16(a) of the Securities Exchange Act of 1934, as amended ("Exchange Act"), requires CIT’s directors, certain officers and persons who own more than 10% of a registered class of CIT’s equity securities, to file reports of securities ownership and changes in such ownership with the SEC. Certain officers, directors and greater than 10% stockholders also are required by SEC rules to furnish CIT with copies of all Section 16(a) forms they file.

Due to administrative errors by CIT, Mr. Rubino filed one late Form 4 in 2019 regarding one transaction for the purchase of 2,420 shares of CIT common stock, and Mr. Fawcett filed one late Form 4 in 2020 regarding one transaction for the purchase of 4,000 shares of CIT common stock. Each transaction was reported immediately upon discovery of the error. Based solely upon a review of the copies of Forms 3, 4 and 5 and any amendments thereto furnished to CIT and written representations made to CIT, CIT believes that all other Section 16(a) filing requirements were timely met during 2019.

(6) Excludes RSUs issued under our equity compensation plans, for which the holders do not have voting rights, for which ownership has not vested, and for which settlement shall be made 50% in cash and 50% in stock, in the following amounts: Mr. Brosnan — 4,517 (all of which Mr. Brosnan elected to settle 100% in stock), Mr. Carpenter — 9,823 (all of which Mr. Carpenter elected to settle 100% in stock and to defer settlement until he is no longer a member of the Board), Ms. Dominguez — 4,299, Mr. Frank — 5,106 (all of which Mr. Frank elected to settle 100% in stock and to defer settlement until he is no longer a member of the Board), Mr. Freeman — 7,760 (2,653 of which Mr. Freeman elected to settle 100% in stock and to defer settlement until he is no longer a member of the Board), Mr. Oates — 7,357 (4,995 of which Mr. Oates elected to settle 100% in stock and to defer settlement until he is no longer a member of the Board), Mr. Rosenfeld — 23,483 (all of which Mr. Rosenfeld elected to settle 100% in stock and to defer settlement until he is no longer a member of the Board), Mr. Ryan — 14,168 (8,375 of which Mr. Ryan elected to settle 100% in stock and to defer settlement until he is no longer a member of the Board), Ms. Stamps — 4,517 (2,450 of which Ms. Stamps elected to settle 100% in stock and to defer settlement until she is no longer a member of the Board), Mr. Tran — 3,446 (1,192 of which Mr. Tran elected to settle 100% in stock) and Ms. Unger — 18,856 (16,790 of which Ms. Unger elected to settle 100% in stock and to defer settlement until she is no longer a member of the Board).
Executive Compensation

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (“CD&A”) describes our executive compensation program for 2019; how our compensation decisions align with our 2019 financial and strategic achievements; and the changes we made as a result of stakeholder feedback and to further align compensation with our 2019 strategic objectives.

### Executive Summary

CIT has a “pay-for-performance” philosophy that forms the foundation of decisions regarding incentive compensation of CIT’s employees, including its named executive officers. This compensation philosophy and the program structure approved by the Compensation Committee and described in this CD&A are central to CIT’s ability to attract, retain and motivate individuals who can achieve superior long-term financial results. During 2019, the Compensation Committee sought an appropriate balance to best serve the interests of our stockholders while continuing to attract and retain executives needed to achieve the Company’s strategic goals, along with appropriate decisions for our business. To further support those strategic goals, in 2019, the Company recruited top talent in Commercial Banking to unlock growth strategies.

The Company solicits feedback throughout the year from investors and other stakeholders regarding our compensation practices and our corporate governance practices more generally through individual meetings and other communications. The Compensation Committee also engages its independent compensation consultant, Pay Governance, to conduct a market best practices study on an annual basis, and to review specific feedback expressed by stockholders during our outreach efforts. As a result of the input we received during our stakeholder outreach and the findings from the market best practices survey, the Compensation Committee determined, among other actions, to:

- Revise the compensation peer group to more appropriately reflect CIT’s asset size and business mix;
- Improve the clarity of disclosure linking scorecard assessment for our named executive officers to CIT’s strategy; and
- Maintain its 100% performance-based LTI awards for executive officers for 2020.

See page 44 under the heading, “Stakeholder Engagement” for more details on our active engagement with stockholders and decisions made by the Compensation Committee following multiple meetings with Pay Governance and management.

Executive Compensation Highlights

2019 Named Executive Officers

This CD&A describes the compensation of our 2019 named executive officers (our “NEOs”):

- Ellen R. Alemany: Chairwoman and CEO of CIT Group
- John J. Fawcett: Executive Vice President and Chief Financial Officer
- Robert Rubino: President of CIT Bank, N.A. and Head of Commercial Banking
- David M. Harnisch: President, Commercial Finance
- Philip C. Robbins: President of Asset Management and Capital Markets

2019 Compensation Program Highlights

Our executive compensation programs are periodically adjusted and refined to reflect our business evolution. Our 2019 compensation programs were designed around our continuing vision of creating a leading national bank focused on lending and leasing to the middle market and small businesses.

- Performance-Driven. Our CEO’s 2019 target total direct compensation comprises 87% performance-based incentives, including 64% in stock-based long-term incentives. Our level of performance-based (“at risk”) compensation is above the 75th percentile of the new peer group.

- Short-Term Incentive (“STI”). For 2019 STI, we kept our rigorous scorecard approach from prior years, including the same quantitative and qualitative weightings for our CEO and other NEOs. The CEO and other NEOs had a minimum percentage (30% for the CEO and NEOs in corporate functions, and 15% for NEOs in business segments) of their 2019 STI tied to CIT’s overall adjusted return on tangible common stockholders’ equity (“ROTCE”). For 2019, maximum STI for all of our NEOs remained limited to 150% of target.

- Long-Term Incentive (“LTI”). For 2019, we continued to provide 100% performance-based LTI, awarded 50% in performance share units (“PSUs”) tied to three-year average adjusted ROTCE and subject to a relative total shareholder return (“TSR”) adjustment factor, and 50% in performance-based RSUs (“PBRSUs”) with a minimum Common Equity Tier 1 performance hurdle. Our use of TSR in the PSU design further underscores the alignment between our executive compensation program and our shareholders.

- Clawback. We maintained our robust clawback provisions on all LTI awards and cash payments under our STI program.

- Long-Term Focus. We maintained significant stock ownership and retention requirements for our CEO and other senior executives for the duration of employment, a strict anti-hedging policy and a shareholder friendly equity plan (minimum one-year vesting requirement, no single-trigger change of control provisions, no grants of stock options or stock appreciation rights below 100% of fair market value).
2019 was a pivotal year for CIT, as we continued to deliver solid performance on our strategic plan while laying the foundation for future value creation through the accelerated completion of the Mutual of Omaha Bank (“MOB”) acquisition.

Stakeholder Engagement

In light of our 2019 Say-on-Pay vote results, during the past year, we enhanced our engagement efforts with our investors and other stakeholders, including proxy advisory firms, to gain their perspectives on our program and their input on areas for change. Our efforts were informed by and built on our engagement initiatives leading up to our 2020 annual meeting.

**2019—2020 Stakeholder Engagement**

Senior Management participated in all of the engagement meetings (Directors participated when requested)

### Engagement Statistics

- **50%+** Solicited engagement meetings with our top institutional shareholders representing more than 50% of our shares outstanding
- **~40%** Held meetings with institutional shareholders representing about 40% of our shares outstanding

### Our 2019—2020 Stakeholder Engagement Program

Following is a summary of our 2019-2020 stakeholder engagement program.

<td>Senior management — and directors, as appropriate — will hold additional conversations with our institutional investors in advance of the Annual Meeting to provide an opportunity for discussion of executive compensation, management and/or stockholder proposals, and other governance and annual meeting matters.</td>
<td>The Compensation Committee and the Board will review with senior management the results of the Annual Meeting, including Say-on-Pay, conduct additional conversations with our stakeholders and incorporate the feedback received into our compensation design for 2021 (or, if appropriate and practicable, for 2020).</td>
</tr>
</tbody>
</table>

Although the focus of our engagement was executive compensation and related disclosure, we solicited and received input on a variety of other issues, including governance, strategy, performance and corporate social responsibility. Regularly during the year, the Compensation Committee and Board were kept informed of our stakeholders’ perspectives.

In addition to our increased stakeholder engagement in 2019, the Compensation Committee also continued its practice of engaging its independent compensation consultant, Pay Governance, to conduct a market best practices study on an annual basis.
As a result of the input we received during our stakeholder outreach and the findings from the market best practices survey conducted by Pay Governance, the Compensation Committee determined to revise the compensation peer group; improve clarity of disclosure linking scorecard assessment to CIT’s strategy and disclosure of measures used to determine qualitative scorecard assessments; address stakeholder concerns about one-time equity grants; and maintain its 100% performance-based LTI awards for executive officers for 2020.

## Executive Compensation

### Meaningful one-time awards should be limited and, if used, should be supported by robust disclosure

- The Compensation Committee does not intend to grant one-time awards to executives other than in extraordinary circumstances and will support any such awards with robust disclosure as to appropriateness and benefit to CIT.
- Our proxy statements for both the 2018 and 2019 annual meetings included discussion of a one-time grant of PBRSUs (with three-year cliff vesting) to our CEO in recognition of her extraordinary efforts in 2017 to simplify the Company and reduce operating expenses, complete the sale of the Commercial Air business and return $3.4 billion in capital to shareholders.

### Qualitative measures should be tied to strategy and subject to more transparent disclosure

- Qualitative achievements on our executive scorecards are tied directly to our four publicly disclosed strategic pillars (grow core businesses, optimize balance sheet, enhance operational efficiency and maintain strong risk management).
- We have enhanced our disclosure to include how each qualitative achievement supports a strategic pillar.
- Qualitative achievements will also be rated and tied to compensation on the basis of a quantitative range, consistent with our treatment of quantitative goals. For 2019 and 2020, the qualitative range is from 0% to 150% of target based on achievement of one of six qualitative ratings ranging from “Did Not Meet” to “Significantly Exceeded.” Our NEO scorecard results described in this proxy statement clearly reflect each NEO’s achieved qualitative rating and the resulting percentage of target earned.

### A few shareholders favored increasing the weighting of PSUs relative to PBRSUs in the long-term component

- As part of the Committee’s independent compensation consultant’s annual benchmarking study, we compared our 50% weighting of PSUs and of PBRSUs to our peers and concluded that we: (1) continued to subject a relatively higher proportion of our long-term incentive compensation to performance risk; and (2) maintained a percentage of LTI to total direct compensation above the 75th percentile of the peer group.
- We will continue to fully disclose threshold, target (aligned with our business and strategic plan) and maximum performance levels after the end of each relevant PSU performance period, together with the percentage ultimately earned. While a few investors and one of the proxy advisors requested that we consider upfront disclosure, we believe it could be competitively sensitive to provide information regarding our performance plans and expectations while a performance period is open.
- We will continue to monitor peer group long-term incentive structure, and executive compensation structure generally, with the Committee’s independent compensation consultant on an annual basis to evaluate changes in market practice and opportunities to enhance our program.

### Frequency of expected CEO compensation increases should be transparent

- The Compensation Committee, with the help of its independent compensation consultant, evaluates executive compensation levels annually in light of peer practice, market and competitive factors and performance. We generally do not expect regular annual compensation increases for our CEO or other executive team members, unless the Compensation Committee determines that such increases are warranted in light of company or individual performance, in order to maintain market-competitive compensation or in order to attract or retain key talent. As in the past, our CEO’s compensation is determined by the independent members of the Board of Directors, based on a recommendation from the Compensation Committee (whose members are also all independent directors). As noted above, our CEO’s target total direct compensation for 2020 was unchanged from 2019.
Philosophy and Objectives of Our Executive Compensation Program

Guiding Principles

Attract, retain and motivate high-quality executives and staff

- Target pay levels designed to be competitive with market practice.
- Differentiation of compensation by individual, reflecting his or her role, experience, performance and expected contributions.

Pay for performance / Meritocracy

- Our program includes short-term and long-term performance-based elements, encompassing both objective and subjective goals, and considers corporate, business segment, individual, and both absolute and relative performance.
- Total direct compensation is expected to vary each year and over the long term to reflect our strategic objectives and performance.

Reinforce long-term view of CIT performance and value creation

- A significant portion of incentive compensation is stock-based and long-term in focus.
- Robust equity holding requirements and prohibition on hedging.

Make compensation decisions in accordance with strong governance and risk management

- Retain an independent compensation consultant to advise the Compensation Committee.
- Maintain robust clawback provisions.
- Chief Risk Officer (“CRO”) and Risk Management Group fully integrated in the overall program design and operation.

Executive Compensation

2019 Program Detail

Our 2019 executive compensation program comprises three primary components:

- **Annual Base Salary**
  - Only element of target total compensation that is not "at risk"
  - Set within a competitive range of market to attract and retain top talent
  - Reflects responsibility, expertise and experience
  - Foundation from which incentives and other benefits are determined

- **Short-Term Incentive (Cash)**
  - Motivate and reward for achieving or exceeding annual financial, strategic, operational and other goals that ultimately support sustained long-term profitable growth and value creation
  - Each NEO has a target opportunity expressed as a percentage of base salary reflective of the NEO’s role (185% for the CEO and between 113% and 138% for the other NEOs)
  - Tied directly to performance in year for which reported and granted in first quarter following end of performance year

- **Long-Term Incentive (Equity Awards)**
  - Motivate and reward for delivering long-term sustained performance aligned with shareholder interests
  - Awards are 100% performance based and comprised of 50% PSUs and 50% PBRSUs:
    - PSUs cliff vest at the end of 3 years and are based on three-year average adjusted ROTCE (with a three-year cumulative TSR adjustment factor relative to the component companies of the KBW Nasdaq Bank Index);
    - PBRSUs vest ratably over 3 years and include a performance vesting hurdle

The charts illustrate the distribution of compensation components for the CEO and other NEOs.
Executive Compensation

Annual Base Salary

Annual base salary amounts are intended to provide a level of predictable income that reflects each executive’s level of responsibility, expertise and experience.

As part of approving 2019 total direct compensation targets in February 2019, the Compensation Committee reviewed total compensation targets for our peer group in consultation with Pay Governance, as well as competitive market compensation surveys and other publicly available information. For our two NEOs who were also NEOs in our 2019 Proxy Statement, Ms. Alemany’s annual base salary ($1,000,000) and Mr. Fawcett’s annual base salary ($800,000) were unchanged from 2018. The 2019 annual base salary rates for our other three NEOs were established at their time of hire as follows: Mr. Rubino ($800,000), Mr. Harnisch ($650,000) and Mr. Robbins ($550,000).

Short-Term Incentive Awards

Short-term incentive awards are determined at year end based on annual performance and are generally paid in cash.

The 2019 STI pool for all executive officers was determined under the 2015 Executive Incentive Plan, with funding based on 2% of 2019 Adjusted Pre-Tax Income*. An NEO’s short-term incentive award can be earned between 0% and 150% of target based on a year-end assessment of performance against his or her annual scorecard.

A significant portion of the STI award quantitative component for each of our NEOs is based on achievement of adjusted ROTCE for the year, which coordinates with the three-year adjusted ROTCE performance goal for our PSUs (described below), as CIT seeks to drive adjusted ROTCE higher over both the shorter term and the longer term.

As part of approving 2019 total direct compensation targets during the first quarter of 2019, the Compensation Committee reviewed total compensation targets for the Company’s proxy peer group (for the CEO and CFO), as well as competitive market compensation surveys from McLagan and other publicly available information. In recognition of her performance during 2018, as well as upon a review of pay data for the proxy peer group and advice from Pay Governance, the Committee recommended to the Board of Directors — and the Board of Directors approved — an increase in Ms. Alemany’s 2019 performance-based (“at risk”) compensation —
Our Compensation Committee establishes each of our NEOs’ STI target based on the executive’s level of responsibility within the organization and review of market-based compensation comparisons. The following table reflects 2019 STI target award amounts for each of our NEOs.

### How We Determine NEOs’ Short-Term Incentive Awards

Our NEOs (and other executive officers) have the opportunity to earn annual STI awards that reward achievement of quantitative company-wide performance goals (for all NEOs) and business unit performance goals (for NEOs other than our CEO and CFO) and reflect achievement of individual qualitative performance goals that are aligned with CIT’s overall business strategy.

The formula for calculating each NEO’s STI award payout consists of the product of the following elements:

- Each NEO’s Target STI Award, which is set by the Compensation Committee as a specified dollar amount
- The STI Achievement Percentage applicable to each NEO, which is calculated based on the sum of:
  - The NEO’s percentage achievement of the quantitative company-wide performance goals (for all NEOs) and business unit performance goals (for NEOs other than our CEO and CFO) times the weighting of the quantitative criteria and
  - The NEO’s percentage achievement of the qualitative goals times the weighting of the qualitative criteria.

Short-Term Incentive Annual Scorecard Goals & Determinations For 2019 NEOs

In order to provide transparency to shareholders, the Compensation Committee continued to base a significant portion of the 2019 goals and objectives for each NEO on measurable, objective goals. Quantitative goals were assigned a weighting, with threshold (50%), target (100%) and maximum (150%) payouts, using interpolation for results in between. Qualitative goals were rated holistically on a scale from “Did Not Meet” to “Significantly Exceeded,” with each rating corresponding to an associated payout range from 0% of target for “Did Not Meet” to up to a maximum of 150% of target for “Significantly Exceeded,” as follows:

Ms. Alemany (Chairwoman and Chief Executive Officer)

Ms. Alemany’s 2019 short-term incentive target was $1,850,000. Scorecard results, which are presented below, reflect 78% weighted achievement for quantitative criteria, and a “Significantly Exceeded” rating (45%) for qualitative criteria. As a result, Ms. Alemany’s 2019 short-term incentive award was $2,275,000 ($2,277,397 as calculated, and before rounding) representing 123% of target, and her 2019 total direct compensation was $8,275,000, 105% of target.

Executive Compensation

2019 Qualitative Achievements

**Strategic/Operational:**
- Delivered on next phase of strategic plan through business growth, balance sheet optimization, expense reduction and management of risk
  - Grew core average loans and leases in 2019 by 7% compared to 2018
  - Increased Direct Bank online customers by 45% in 2019
  - Met operating expense reduction target of at least $50 million a full year early
  - Remained disciplined on credit and posted stable performance
  - Increased tangible book value per share by 11% in 2019
- Accelerated CIT’s strategic plan and ability to improve long-term profitability through the acquisition of MOB
  - Fundamentally improves CIT’s business model through the addition of a lower-cost, stable deposit channel and relationship commercial banking business with more direct customer relationships
  - Adds scalable Homeowners Association (“HOA”) deposits through market-leading Community Association Banking business with approximately 1,250 direct clients and 4.5 million households
  - Expands middle market banking capability with 34 middle market bankers and a suite of products and technology that complement CIT’s business
  - Expected to enhance EPS accretion and improve return on tangible common equity

**Risk/Regulatory/Compliance:**
- Maintained disciplined underwriting, strong credit reserves and stable credit performance while growing in a competitive market (including reduced criticized assets and proactively de-risking the mortgage portfolio)
- Maintained strong regulatory and compliance rigor
- Received OCC approval of the MOB transaction in 53 days

**Culture/Talent Management:**
- Added talent in Commercial Banking to unlock growth strategies
  - Bob Rubino – Head of Commercial Banking and President of CIT Bank, N.A.
  - David Harnisch – President of Commercial Finance
  - Phil Robbins – President of Capital Markets & Asset Management
  - Jim Gifas – Head of Treasury & Payment Services
- Continued to drive culture and reinforce core behaviors at all levels through Town Halls, written communications, regional site visits and leadership forums
- Recognized employees who are culture-carriers through Chairwoman’s Awards program to reinforce desired behaviors
- Launched an enterprise-wide Be You @CIT diversity & inclusion program and created an Executive Diversity Council to advance diversity and inclusion across CIT’s workplace, suppliers and communities
- Ranked as one of the Best Midsize Employers for 2019 by Forbes and Best Places to Work, Corporate Equality Index 2020 by the Human Rights Campaign Foundation
For our other NEOs, goals were grouped into a quantitative goal category (financial), weighted from 60% (corporate functions) to 70% (for business segments); and a qualitative goal category (strategic/operational, risk/regulatory/compliance, and talent management/culture), weighted 30% (business segments) to 40% (corporate functions). Within the quantitative criteria, the Company-wide goal (CIT adjusted ROTCE) represented 15% to 30% of the total STI payout (15% of the quantitative category for business segments and 30% for corporate functions); other financial goals were aligned directly with the businesses (Commercial Banking core average loan and leases, net efficiency ratio, net charge-offs as % of average earning assets) and corporate functions (operating expenses).

The table below summarizes the weighted payouts for each of these NEOs based on performance against their annual scorecard. Percentages may not total due to rounding.

2019 Sign-On Awards

In addition to the 2019 STI awards described above, Messrs. Rubino, Harnisch and Robbins, who were hired to further CIT’s goal to become a leading national bank focused on lending and leasing to middle market and small businesses, were each granted sign-on cash awards (“Sign-On Awards”) in connection with the commencement of their employment with CIT. The Sign-On Awards were intended to compensate the newly-hired NEOs for incentive compensation forfeited or repaid upon termination of employment with their previous employers. The Sign-On Awards were paid to these newly-hired NEOs upon commencement of their employment with CIT but are subject to clawback over a three-year period in the event the executive’s employment is terminated by CIT for “cause” or by the executive other than for “good reason” (in the case of Mr. Rubino) or for any reason (in the case of Messrs. Harnisch and Robbins). The value of the Sign-On Awards was as follows: Mr. Rubino ($2,800,000), Mr. Harnisch ($1,215,000) and Mr. Robbins ($750,000). The Compensation Committee did not consider these one-time awards as part of the NEOs’ total direct compensation for 2019.

2020 CEO Short-Term Incentive Scorecard

For 2020, we have retained the annual scorecard (including the same quantitative/qualitative weightings for the CEO), while continuing to ensure that goals are aligned with our strategic objectives and priorities. We will continue to focus on asset growth, operating efficiency and shareholder return, with our quantitative goals reflecting key performance metrics and guidance to investors. Qualitative categories continue to reflect ongoing priorities for the Company and Board of Directors. Our CEO’s 2020 short-term incentive goal categories and weightings are shown below:

Given the importance to our business strategy to drive ROTCE performance in both the short and longer term, the Compensation Committee and the Board of Directors determined that it was appropriate to continue to use one-year adjusted ROTCE as a metric in the short-term incentive scorecard for the executive officers, as well as three-year average adjusted ROTCE in the long-term incentive award design, as measured against pre-established adjusted ROTCE goals for each relevant period. No investors raised this as an issue during our stakeholder outreach, including in instances when we addressed the topic directly with them.

2020 Target Total Direct Compensation for the CEO and Other NEOs

As part of approving 2020 total direct compensation targets during the first quarter of 2020, the Compensation Committee reviewed total compensation targets for the Company’s proxy peer group (for the CEO and CFO), as well as competitive market compensation surveys from McLagan and other publicly available information. With input from their independent compensation consultant, Pay Governance, the Compensation Committee determined that 2020 target total direct compensation would remain unchanged for the CEO and other NEOs.

2019 LTI awards were granted 50% in PSUs based on achievement of three-year average adjusted ROTCE (with a three-year cumulative TSR adjustment factor) and 50% in PBRSUs with a performance vesting hurdle (minimum Common Equity Tier 1 for well-capitalized banks).

PSUs link executive compensation with the Company’s financial performance over a three-year period while maintaining a significant portion of total compensation in equity-based awards.

- Given the importance to our business strategy to drive ROTCE performance in both the short and medium term, the Compensation Committee and the Board of Directors determined that it was appropriate to continue to use three-year average adjusted ROTCE as a metric in the long-term incentive design, as well as one-year adjusted ROTCE in the short-term incentive scorecard for the executive officers. No investors raised this as an issue during our stakeholder outreach, including in instances when we addressed the topic directly with them.
- Under the TSR adjustment factor, earnout may be increased or decreased by up to 20% depending on the Company’s three-year cumulative TSR results relative to the component companies of the KBW Nasdaq Bank Index (to which CIT was added during 2019) for the performance period (with no increase permitted if the Company’s TSR for the performance period is negative).
- PSUs also complement our other compensation elements by incentivizing our NEOs to focus on improved profitability over the three-year period, with clawbacks designed to discourage inappropriate or excessive risk. Both our Chief Risk Officer (“CRO”) and Pay Governance provided direct input into the design of our PSUs.

PBRSUs and PSUs are discussed in more detail under “Grant of 2019 LTI Awards” below.
three-year cliff vesting. The performance measure has a minimum threshold level of performance that must be achieved to trigger any payout; if the threshold level of performance is not achieved, then no portion of the PSUs will be payable.

For PSUs, we disclose the threshold, target (which aligns with our business and strategic plan) and maximum performance levels after the end of the relevant performance period, together with the percentage ultimately earned. While a few investors requested that we consider upfront disclosure, we believe disclosing the performance levels while a performance period is open would provide information regarding our performance plans and expectations that could be competitively sensitive. We remain committed to full disclosure at the end of the relevant performance period.

The 2019 PBRSUs are scheduled to vest one-third per year over three years subject to a performance vesting hurdle: if CIT does not meet the minimum Common Equity Tier 1 required for well-capitalized banks as established by the Federal Reserve for the prior year, the Compensation Committee will determine whether a portion, if any, of the PBRSUs will vest.

All or a portion of the PSUs and PBRSUs may be canceled during the performance period, and vested PSUs and PBRSUs may be recovered for a two-year period (PSUs) or one-year period (PBRSUs) following the end of the applicable performance period.

2019 Make-Whole RSU Awards

In addition to the 2019 LTI awards described above, Messrs. Rubino, Harnisch and Robbins were each granted one-time RSU awards (“Make-Whole RSUs”) in connection with their commencement of employment with CIT. The Make-Whole RSUs were intended to compensate the newly-hired NEOs for incentive compensation forfeited or repaid upon termination of employment with their previous employers. The Make-Whole RSUs vest ratably in annual installments over the three-year period following grant. Mr. Rubino’s Make-Whole RSUs will continue to vest in the event his employment is terminated by CIT without “cause” or if he terminates his employment for “good reason” (as defined in the award agreement). The Make-Whole RSUs granted to each of Messrs. Harnisch and Robbins are also subject to a performance vesting hurdle (minimum Common Equity Tier 1 for well-capitalized banks), as well as subject to forfeiture, to the extent not vested, upon any termination of employment with CIT. The grant date fair value of the Make-Whole RSUs were as follows: Mr. Rubino ($2,500,000), Mr. Harnisch ($1,000,000) and Mr. Robbins ($425,000). The Compensation Committee did not consider these one-time awards as part of the NEOs’ total direct compensation for 2019.

2017 LTI Performance

In 2017, the Compensation Committee granted PSUs, representing 50% of total 2017 LTI, to executives, which vest based on achievement of average adjusted ROTCE, subject to upward or downward adjustment by up to 20% based on the Company’s three-year cumulative TSR performance relative to the component companies of the KBW Nasdaq Bank index (with no increase permitted if the Company’s TSR for the performance period is negative), for the three-year performance period from January 1, 2017 to December 31, 2019 (“2017 PSUs”).

The 2017 PSUs were payable from 0% to a maximum of 150% of target based on average adjusted ROTCE over the three-year performance period, as shown below. If the minimum threshold level average adjusted ROTCE had not been met, no 2017 PSUs would have been earned by their terms. In addition, earn-out of the 2017 PSUs was subject to an upward or downward adjustment by up to 20% based on the Company’s three-year relative cumulative TSR results.

Our 2017 PSUs vested at the end of 2019. For the three-year performance period, the Committee established a target ROTCE of 9.0%, a threshold of 6.0% and a maximum of 12.0%. The three-year average adjusted ROTCE for the 2017 PSUs was determined to be 8.51%, which would have resulted in payout at approximately 95%
before application of the TSR adjustment factor. Prior to the fourth quarter of 2019, the Company’s relative TSR performance would have generated a higher PSU payout through application of the TSR adjustment factor. Given the Company’s relative TSR performance in the fourth quarter of 2019, however, cumulative TSR through December 31, 2019 was 12.5%, which was in the 26th percentile relative to the index. In line with our pay-for-performance compensation principle, the TSR adjustment factor resulted in a 19% downward adjustment, resulting in a payout of shares at 77% of target. Additional detail is provided in the 2019 Option Exercises and Stock Vested table that appears later in this proxy statement, following the CD&A.

The following table is presented to show how the Compensation Committee viewed annual total direct compensation (“TDC”) for our NEOs for their 2019 performance. TDC includes 2019 annual base salary as well as actual STI and the fair value of LTI awards (at target) for 2019 performance, which were granted in February 2020 and 2019, respectively. This table differs substantially from the Summary Compensation Table on page 72 and is not a substitute for that table. The Summary Compensation Table provides compensation information as required by SEC regulations, and therefore reflects 2019 paid salaries and also includes the one-time Sign-On Awards and Make-Whole RSUs awarded to Messrs. Rubino, Harnisch and Robbins in connection with the commencement of their employment with CIT, which the Compensation Committee does not view as part of 2019 annual total direct compensation.

Role of the Compensation Committee

The Compensation Committee is composed entirely of independent directors, as determined under the criteria established by NYSE and CIT Corporate Governance Guidelines. The Compensation Committee oversees compensation and benefits policies for our executive officers and other employees, the performance and compensation of CIT’s executive officers, and succession planning. It also evaluates and reviews updates from management in the area of CIT’s human capital. A key function of Compensation Committee oversight is to ensure, together with the Risk Management Committee, that such programs appropriately balance risk and financial results and do not encourage imprudent or excessive risk taking. The responsibilities of the Compensation Committee are outlined in its charter, which can be found on CIT’s website at: https://cit.com/about/us/governance/board-of-directors.

Compensation recommendations for our NEOs, other than for the CEO, are made by our CEO to the Compensation Committee. These recommendations reflect her assessment of each executive based on business or functional results, as well as the achievement of strategic corporate priorities, overall company results and individual performance. The role of management in supporting the CEO in making such recommendations is more fully described below under “Role of Senior Management.” The Compensation Committee reviews our CEO’s recommendations, assesses the recommendations for reasonableness, and approves all compensation for our executive officers in its sole discretion.

The Compensation Committee separately considers the performance of our CEO, and following a review and discussion, submits a compensation recommendation to the independent members of the full Board for their review and approval.

Role of Independent Compensation Consultant

The Compensation Committee engages Pay Governance, a compensation consulting firm, to advise it on all matters relating to our executive officers’ compensation and benefits, including the determination of annual NEO compensation described above. The Compensation Committee has determined that Pay Governance is independent, after an assessment of its provision of services, fees, conflict of interest policies, relationship with Compensation Committee members, company stock ownership and relationship with executive officers in accordance with SEC rules and NYSE guidelines. The Compensation Committee directly retains Pay Governance independently from CIT management, and CIT does not utilize Pay Governance or any of its affiliates for any other purpose. No specific instructions or directions were provided to Pay Governance by CIT regarding the performance of their duties. Representatives from Pay Governance attend the Compensation Committee meetings regularly and conduct studies of compensation issues related to the design of our executive officer compensation programs at the request of the Compensation Committee. Pay Governance and the Compensation Committee rely on data from multiple sources to provide a frame of reference for compensation decisions, such as multiple third-party competitive market surveys (such as McLagan, Mercer and other firms as necessary); publicly available information (peer group proxy statements); and historical compensation data for executive officers.

The Compensation Committee has authorized Pay Governance to interact with CIT’s management to obtain or confirm information, as needed, on behalf of the Compensation Committee.

Role of Senior Management

The funding of the 2019 annual short-term incentive pool and assessment of our NEOs’ performance were determined as described above. Annual short-term incentives for other employees were recommended based on management’s assessment of performance against pre-established 2019 goals and objectives, an overall risk assessment, as well as market competitiveness. Company-wide incentive funding and final pool allocations were
Executive Compensation

reviewed by the CRO and approved by the Compensation Committee. Members of the EMC, as well as other senior managers, are responsible for making incentive recommendations for eligible employees. The annual recommendation process is coordinated by Corporate Human Resources personnel.

Role of Risk Management

Our CRO and other senior members of the Risk Management Group are fully integrated in the overall design and operation of the Company’s incentive compensation arrangements. In addition, Risk Management partners with Human Resources to coordinate regular joint interaction with the Compensation Committee and the Risk Management Committee to support strong governance and oversight regarding issues related to risk balancing within our incentive compensation practices. Risk Management and Human Resources work closely to maintain and evolve our approach to balancing risk and incentives. Our key areas of focus include:

- **Executive Management Goals** — reviewing incentive compensation design and identifying specific risk goals for our senior executives, including our NEOs, and “covered employees” (as defined below under “Identification of Covered Employees”);
- **Overall Short-Term Incentive Funding** — identifying credit/risk metrics and other qualitative risk factors to be evaluated with financial performance, and to be used to determine overall incentive pool funding and allocation to businesses;
- **Executive Management Compensation** — developing and enhancing the design of our equity awards, including appropriate revisions to performance measures, clawback triggers, leverage and vesting provisions;
- **Compensation Policies and Procedures** — developing compensation policies and procedures supporting our business objectives that are consistent with our risk appetite and framework, and regulatory requirements;
- **Covered Employees** — developing and maintaining a framework for identifying individual and groups of “covered employees” who may expose the Company to material risks, and foster strong awareness of risk balancing for incentive compensation arrangements; and
- **Annual Assessment** — reviewing and proactively identifying and/or assessing risks associated with the Company’s incentive compensation arrangements.

Since 2009, CIT has conducted an annual assessment of the risks associated with our incentive compensation arrangements. In 2014, we established a governing body within CIT management to oversee incentive compensation monitoring and validation (the Incentive Compensation Review Working Group), and we also considered risk balancing when developing our 2019 compensation structure. During 2019, Risk Management, together with other control functions and Internal Audit, evaluated each business segment and corporate function on a three-point scale across 13 risk categories: Credit, PLM, Credit Review, Operational, Third Party, Information Technology, Model Risk, Compliance, Regulatory, Insurance, Audit, Market/Liquidity and Sarbanes-Oxley (new for 2019). Based on this assessment, as well as ongoing coordination with Human Resources in monitoring risk balancing activities, our CRO determined that none of CIT’s incentive compensation arrangements encourage imprudent or excessive risk and presented her findings at a joint meeting of the Compensation and Risk Management Committees, prior to the finalization of the annual short-term incentive pools. Prior to finalizing incentive recommendations, risks were assessed to determine if any employees: (1) failed to show due regard for the risk inherent in their business activity; (2) failed to balance risk with financial results; or (3) exposed the firm to imprudent risks.

Senior Management, the Compensation Committee and the Risk Management Committee have reviewed CIT’s incentive compensation policies and arrangements for significant risks as they apply to all employees across our business segments to determine whether they encourage imprudent or excessive risk-taking that may expose CIT to material business risks. In addition to reviewing the annual short-term incentive structure funding and process, they reviewed our long-term incentive structure (including CIT’s equity-based award design) and business unit sales incentive plans. Based on a discussion of the review, the Compensation and Risk Management Committees concluded that CIT’s compensation plans for employees do not encourage risk-taking that is reasonably likely to have a material adverse effect on CIT.
2019 Peer Companies and Benchmarking

The Compensation Committee regularly reviews peer and industry information in regard to level and structure of compensation as a competitive frame of reference and uses this information and analysis for setting pay opportunities and making pay decisions, such as changes to annual base salaries, and annual short-term and long-term incentive awards. A key source of information is a peer group of institutions similar to CIT.

New Peer Group

In light of our transition to becoming a leading national bank focused on lending and leasing to the middle market and small businesses and in response to the input we received during our stakeholder outreach and the findings from the market best practices survey conducted by Pay Governance, the Compensation Committee decided to revise its compensation peer group during 2019. In determining the make-up of our new peer group, the Compensation Committee focused primarily on: (1) U.S.-based companies with the same “regional banks” classification as CIT under the Global Industry Classification Standard (GICS); (2) assets generally ranging from 0.5 times to 2.5 times CIT’s assets; and (3) banks with a significant commercial lending focus (including non-residential, commercial real estate, multi-family residential, and construction and land development). As a result, the Compensation Committee added five companies with a median asset size of $41.2 billion and removed four companies with a median asset size of $118.1 billion. The table below lists the peer companies approved by the Compensation Committee for 2019:

Peer Median Asset Size: $59 billion

Based on Total Assets as reported by each company as of December 31, 2019.

CIT ranked at approximately the median for asset size among peers
(including MOB assets)

The Compensation Committee believes that the new peer group more appropriately reflects CIT’s asset size and business mix.

The Compensation Committee also uses multiple third-party competitive market surveys provided by compensation consulting firms such as McLagan, Mercer and other firms as necessary (which we refer to as “market data”).

While the Compensation Committee considers peer and market data, it does not target a specific market position when determining executive compensation levels. In addition to referencing market data, as described above, the Compensation Committee considered current year performance and overall incentive pool funding, prior year compensation history and compensation levels of other Company executives to provide context for 2019 and 2020 compensation recommendations.
Use of Discretion

Our compensation philosophy incorporates a strong link between incentive pay and a combination of short-term and long-term Company, business and individual performance. We believe that discretion is a vital part of our compensation decision processes, as it allows the Compensation Committee to better link executive pay to actual performance. Discretion, both positive and negative, allows directors to make appropriate pay decisions based on their informed business judgment, particularly in circumstances where there may be other relevant performance factors or unforeseen circumstances that should be considered beyond the actual performance metrics. Consequently, discretion plays a significant role in many aspects of our incentive compensation arrangements, including pool funding and pool allocations. However, the use of discretion is not arbitrary, and generally must be supported by a clear link to performance and risk management. We maintain a Use of Discretion policy that covers the requirements governing the consistent use of discretion for incentive compensation, and related procedures applicable to all employees.

Identification of Covered Employees

We are subject to regulatory guidance and rules that focus on both the design and transparency of incentive compensation arrangements. It is important that incentive compensation be risk-sensitive and not encourage imprudent or excessive risk-taking. The primary objectives of CIT’s Covered Employee Identification Framework (the “Framework”) are to provide a systematic methodology to identify: (1) risks inherent in job families and sub-families; (2) individual employees or groups of employees who have the potential to expose the firm to a material amount of risk (collectively, “covered employees”); and (3) duration of risks. The Framework is based on an assessment of six categories of inherent risk (market risk; liquidity risk; credit risk; operational risk; legal/compliance risk; and reputational risk). These risks which align to the regulatory guidance on sound incentive compensation policies and appropriately categorize risks for the Company.

Timing of Grants of Equity Awards

Since 2006, CIT has maintained a written Equity Compensation Award Policy that governs the timing for granting all equity-based awards which may be approved at any meeting of the Compensation Committee or the Board. Grants approved at any meeting of the Compensation Committee or the Board that coincides with a quarterly earnings release will be granted effective as of the close of trading on the NYSE on the second trading day after CIT publicly announces such earnings.

Equity-based awards may also be granted in connection with the hiring of an employee. Such grants are generally made on the first day of employment, provided such date does not occur during a securities trading black-out period—in which case, the grant will be made on the day on which the applicable black-out period expires.

Clawback Provisions

CIT has had cancellation / recoupment provisions on equity-based awards in place since 2010.

- PBRSUs — Both unvested PBRSUs and PBRSUs that have vested within the prior 12 months are subject to forfeiture/recoupment in the event of: (1) a material restatement of all or any portion of the Company's financial statements; (2) materially inaccurate financial information or other performance metrics; (3) the executive’s failure to comply with the Company's risk policies or standards or if the executive improperly or negligently fails to properly identify, raise or assess, in a timely manner, risks and/or concerns with respect to monetary, reputational or other risks material to the Company or its business activities; (4) the executive’s detrimental conduct or violation of Company policies; and/or (5) the executive’s breach of any agreements or provisions in any Company plan, policy or arrangement, including without limitation, any provision relating to non-competition, non-solicitation, non-inducement, confidential information, inventions, developments, proprietary property or notice period. Unvested PBRSUs are also subject to forfeiture if the executive retires from CIT to work for a competitor.
Cancellation / recoupment provisions apply to our cash STI awards consistent with the provisions applicable to PBRSUs apply equally to our cash STI awards.

• **Cash STI Awards** — Cash STI paid within the prior 12 months is subject to recoupment in the event of: (1) a material restatement of all or any portion of the Company’s financial statements; (2) materially inaccurate financial information or other performance metrics; (3) the executive fails to comply with the Company’s risk policies or standards or if the executive improperly or negligently fails to properly identify, raise or assess, in a timely manner, risks and/or concerns with respect to monetary, reputational or other risks material to the Company or its business activities; (4) the executive’s detrimental conduct or violation of Company policies; and/or (5) the executive’s breach of any agreements or provisions in any Company plan, policy or arrangement, including without limitation, any provision relating to non-competition, non-solicitation, non-inducement, confidential information, inventions, developments, proprietary property or notice period.

In each case, any determination in respect of the cancellation or recoupment of incentives will be made in the sole discretion of the Compensation Committee or its designee based on the underlying facts and circumstances.

**Equity Ownership and Retention**

Our Executive Equity Ownership and Retention Policy requires executives to own a minimum level of CIT stock equal to a specific multiple of base salary (i.e., 6 times for the CEO; 3 times for other NEOs; and 1 time for other executives). Executives are also required to retain 50% of the shares received on vesting or exercise of CIT equity-based awards for the duration of their employment with CIT, after any shares withheld to cover income tax withholding obligations. The value of stock owned is calculated using the greater of: (1) the closing price of CIT common stock; or, (2) a calculated per-share value based on the three-year average closing price of CIT common stock on any given measurement date.

The policy applies to a broad group of senior executives, including all of our executive officers. Executives have five years to meet the minimum ownership requirement. Each of our NEOs meets the requirements of this policy as of February 20, 2020 (the grant date of the 2020 LTI awards).

**Severance and Change of Control Arrangements**

**Agreement with Ms. Alemany.** Effective October 26, 2015, the Company entered into a letter agreement with Ms. Alemany which provides for severance in the event the Company terminates her employment without “cause” or she terminates her employment for “Good Reason” (in each case, as defined in the letter agreement) in the amount of one times her base salary, plus a pro-rata severance bonus for the year of termination (based on her short-term and long-term incentive targets — the latter to the extent the long-term incentive award for the year has not been awarded at the time of termination). If Ms. Alemany’s severance under the Company’s broad-based employee severance plan as amended and described below were greater than the severance benefit under her letter agreement, Ms. Alemany would receive the severance plan benefit. The principal provisions of Ms. Alemany’s letter agreement are described under “Narrative Information Relating to Potential Payments upon Termination or Change of Control.”

**Broad-Based Employee Severance Plan.** In the event of a qualifying termination of employment, our NEOs, other than Ms. Alemany, pursuant to her letter agreement described above, are eligible to receive severance
Executive Compensation

under the CIT Employee Severance Plan. The CIT Employee Severance Plan was adopted in 2013 to better align CIT with market practice, ensure continuity of management during mergers and acquisitions, and attract and retain highly valued employees. All of our U.S. employees participate in the severance plan. Under the severance plan, during 2019, members of our EMC, which includes the NEOs, were generally eligible to receive a cash severance amount equal to 52 weeks of base salary, a prorated severance bonus, a payment equal to the employer portion of the cost of health insurance premiums, as applicable, under Company-sponsored health coverage plans for 52 weeks, which amount will be increased to cover applicable taxes, and certain outplacement services. Under the severance plan, members of our EMC are generally eligible to receive, at the Company’s discretion, up to 12 weeks of base salary in lieu of written notice of termination from CIT. In the event of a qualifying Change of Control Termination (as defined in the severance plan), members of our EMC are generally eligible to receive a cash severance amount equal to two times (three times for our CEO) the sum of annual base salary plus the average two of the three highest short-term incentives for the three preceding calendar years, a prorated severance bonus, a payment equal to the employer portion of the cost of health insurance premiums, as applicable, under Company-sponsored health coverage plans for 24 months, which amount will be increased to cover applicable taxes, and certain outplacement services. For more detail about the CIT Employee Severance Plan, see “Narrative Information Relating to Potential Payments upon Termination or Change of Control” below.

Other Benefits

Our benefits programs are comparable to the programs provided generally by companies in our peer group and in the financial services industry. Executives participate on the same basis as other employees in CIT’s benefits plans, including retirement arrangements, healthcare coverage, life and accident insurance and disability coverage. None of our 2019 NEOs are eligible to participate in the CIT Retirement Plan or the Supplemental Retirement Plan (which were frozen as of December 31, 2012), and none of our 2019 NEOs participate in the Executive Retirement Plan (which has been closed to new participants since 2006).

Our NEOs are eligible to participate in the CIT Group Inc. Savings Incentive Plan (the “Savings Incentive Plan”), which is a tax-qualified 401(k) plan that covers all employees in the United States who are 18 years of age or older. Under this tax-qualified defined contribution plan, CIT matches 100% of a participant’s own pre-tax and Roth contributions to the plan up to the first 4% of eligible pay. In addition to the company match, an annual discretionary supplemental employer contribution was introduced to the Savings Incentive Plan effective January 1, 2013. Annual contributions, which range from 0% to 3% of eligible pay (including base salary and most cash-based incentive awards), are fully funded by CIT. Eligible employees who were hired on or before September 30 of the plan year and are employed on the last day of the plan year (December 31) are eligible to receive a discretionary supplemental employer contribution. A discretionary supplemental employer contribution of 1% of eligible pay was made for 2019. All contributions under the Savings Incentive Plan are subject to Internal Revenue Service wage limits.

Since 2010, executive perquisites, such as financial planning, executive physicals and benefits programs have not been made available to executives. Executive perquisites in 2019 were limited to: a car and driver for Ms. Alemany, maintained primarily for security purposes and to allow for more effective use of her travel time; and personal use of corporate aircraft at no incremental cost to CIT.

Tax Deductibility of Compensation Expense

Section 162(m) of the U.S. Internal Revenue Code, as amended (the “Tax Code”), generally imposes a $1 million limit on the amount a public company may deduct for compensation paid to the company’s “covered employees,” which include our NEOs. The Compensation Committee continues to consider the deductibility of compensation. However, the primary goals of our executive compensation programs are to attract, incentivize and retain key employees and align pay with performance, and the Committee expects to provide compensation that exceeds deductibility limits as it determines appropriate.
Non-GAAP Financial Measures and Other Definitions

Certain of the performance measurements referred to in the CD&A are “non-GAAP financial measures” under SEC rules and regulations. The disclosure below reflects how those non-GAAP financial measures were calculated. The results in the tables in this section may not total due to rounding.

(1) Reflects property tax income related to the gross-up presentation requirement associated with our leased equipment, reflecting the adoption of the lease standard discussed in Note 1 — Business and Summary of Significant Accounting Policies in Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2019.

(2) The amount shown above was used to determine (in part) the STI payout for the CEO during 2019, as described under the heading, “2019 CEO Performance Assessment & Compensation Scorecard” in this Proxy Statement. The STI payout did not differ from what it would have been had the Property Tax Accounting Change not been excluded, since its impact had also been excluded from the net efficiency ratio target set at the beginning of the year.

(1) The amounts shown represent the salaries earned through December 31 of each year. Mr. Fawcett was paid an annual base salary at the rate of $800,000 upon joining CIT during 2017, Mr. Rubino was paid an annual base salary at the rate of $800,000 upon joining CIT during 2019, Mr. Harnisch was paid an annual base salary at the rate of $650,000 upon joining CIT during 2019, and Mr. Robbins was paid an annual base salary at the rate of $550,000 upon joining CIT during 2019.

(2) The amounts shown for Messrs. Rubino, Harnisch and Robbins represent Sign-On Awards granted in connection with the commencement of their employment with CIT and which were intended to compensate them for incentive compensation forfeited or repaid upon termination of employment with their previous employers.

(3) Amounts in this column represent the aggregate grant date fair market value of stock awards (PBRSUs and PSUs at target, as applicable) granted during 2019, 2018, and 2017 and computed in accordance with FASB ASC Topic 718 (“ASC 718”). The amounts shown for Messrs. Rubino, Harnisch, and Robbins for 2019 include one-time grants of RSUs and/or PBRSUs to compensate them for equity awards forfeited from their prior employers with grant date values of $2,500,000, $1,000,000, and $425,000, respectively. The amounts shown do not represent the actual value realized by each named executive officer in each year. For 2019 awards, the amounts disclosed in this column are computed in accordance withASC 718 using the valuation methodology for equity awards set forth in Note 20 to the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2019. The number of PBRSUs and target number of PSUs awarded to each NEO was determined by dividing the dollar amount of each award by the fair market value of CIT common stock on the respective date of grant. If performance against pre-established ROTCE targets result in the maximum number of PSUs vesting, as more fully described in the Compensation Discussion and Analysis, for 2019 awards, the NEOs would be entitled to a maximum award at 150% of target, with grant date fair values as follows: Ms. Alemany — $3,750,000; Mr. Fawcett — $1,200,000; Mr. Rubino — $1,425,000; Mr. Harnisch — $750,000; Mr. Robbins — $506,250.

(4) 2019 amounts shown represent the 2019 short-term incentives paid in cash, described in the Compensation Discussion and Analysis.
Car and Driver for Security
The amounts shown for Ms. Alemany above for Car and Driver for Security represent the proportional cost to CIT associated with the personal usage of a company-provided car and driver, maintained primarily for security purposes and to allow for more effective use of her travel time. For income tax purposes, income is imputed without any tax gross-up reimbursement.

401(k) Match / Supplemental Employer Contribution
Employer contributions under the CIT Group Inc. Savings Incentive Plan, our 401(k) plan, consist of a 100% match of a participant's own pre-tax and Roth contributions to the plan up to the first 4% of eligible compensation (generally including base salary and cash-based incentive awards paid during 2019), up to the annual limits established by the Internal Revenue Service, as well as a discretionary annual supplemental employer contribution feature. The discretionary annual supplemental contribution for 2019 is equal to 1%. The amounts shown represent matching contributions plus the discretionary annual supplemental contribution paid in 2019.

Life Insurance
Amounts shown above represent company-paid life insurance premiums on behalf of each named executive officer. The named executive officers are covered by life insurance policies under the same terms as other full-time and part-time U.S. employees working at least 20 hours per week. The life insurance benefit for covered employees is equal to one times annual benefits pay up to a maximum benefit of $500,000. Benefits pay is generally equal to a covered employee's base salary plus an average of other pay during the preceding 36 months.

Ms. Alemany's compensation for 2019 was based solely on her role as CEO of CIT; Ms. Alemany did not receive additional compensation for serving as a director of CIT during 2019.
### 2019 Grants of Plan Based Awards

The table below sets forth equity and non-equity compensation awards granted to our named executive officers during the year ended December 31, 2019. In accordance with SEC rules, the table does not include awards granted during 2020.

(1) Plan-based compensation awards are granted to employees by action of the Compensation Committee and/or the full Board of Directors. Approvals for 2019 target short-term incentive, 2019 Long-Term PBRSU and 2019 PSU awards and the associated grant dates are shown in the table above.

(2) Represents the maximum amount payable to each NEO under the 2015 Executive Incentive Plan based on the 2019 STI pool, and target 2019 STI according to each NEO’s 2019 STI scorecard. As discussed in the Compensation Discussion and Analysis, short-term incentives are payable in cash, and may increase or decrease from the target value with actual payouts ranging from 0% to 150%. Actual amounts paid in cash for 2019 performance are included in the Non-Equity Incentive Plan Compensation column of the 2019 Summary Compensation Table.

(3) Represents PSUs granted in 2019 for the 2019-2021 performance period. PSU payouts may increase or decrease from the target grant, with actual payouts ranging from 0% to 150% of the target grant based on performance against pre-established adjusted ROTCE with a TSR adjustment factor, subject to 3-year cliff vesting. The threshold amount shown assumes the lowest thresholds attainable are met, resulting in a payout of 40% of the target number of PSUs granted. If performance thresholds are not met, then the payout would be 0% of the PSUs granted.

(4) Represents the portion of 2019 long-term incentives in the form of PBRSUs, granted during 2019. These PBRSUs are scheduled to vest one-third per year over three years subject to an additional performance vesting hurdle (if the Company does not meet or exceed the applicable minimum Common Equity Tier 1 capital ratio required for well-capitalized banks as established by the Federal Reserve for the prior year, the Compensation Committee will determine whether a portion, if any, of the PBRSUs will vest).

(5) Represents a one-time grant of RSUs to compensate Mr. Rubino for equity awards he forfeited from his prior employer, as noted in the CD&A. The one-time RSUs will vest in three equal installments on March in 2020, 2021 and 2022.

(6) Represents a one-time grant of PBRSUs to compensate Mr. Harnisch for equity awards he forfeited from his prior employer, as noted in the CD&A. The one-time PBRSUs will vest in three equal installments on November 1 in 2020, 2021 and 2022.

(7) Represents a one-time grant of PBRSUs to compensate Mr. Robbins for equity awards he forfeited from his prior employer, as noted in the CD&A. The one-time PBRSUs will vest in three equal installments on September 1 in 2020, 2021 and 2022.
NARRATIVE DISCLOSURE TO 2019 SUMMARY COMPENSATION TABLE AND 2019 GRANTS OF PLAN-BASED EQUITY AWARDS TABLE

Total Compensation

Total Compensation values shown in the 2019 Summary Compensation Table are presented in accordance with SEC rules. The Total Direct Compensation amounts approved by the Compensation Committee, and/or Board of Directors, and awarded to our NEOs for 2019 performance, regardless of when paid or granted, are presented in and further described in the Compensation Discussion and Analysis.

Performance-Based Restricted Stock Units

Each of the NEOs received a grant of PBRSUs (with a performance-vesting hurdle based on minimum Common Equity Tier 1 Capital for well-capitalized banks) during 2019 as part of his or her 2019 LTI. Unvested awards are forfeited on termination of employment, except in certain circumstances, such as death, disability, or following a qualifying termination within two years of a Change of Control, in which case awards will immediately vest in full. For employees who resign and meet “retirement” criteria, or who are terminated involuntarily without cause, awards continue to vest over time on their original schedules.

Each PBRSU includes a dividend equivalent right, pursuant to which the holder of the award is entitled to receive a cumulative amount upon vesting/settlement equal to any dividends declared on CIT common stock during the vesting period. PBRSU awards are also subject to forfeiture during the vesting period and to recoupment for a period of 12 months following vesting. Such forfeiture and clawback provisions are further described in the Compensation Discussion and Analysis.

Performance Share Units

Each of the NEOs also received a target grant of PSUs during 2019 for the 2019-2021 performance period. PSUs are earned based on adjusted three-year average adjusted ROTCE between 0%-150% of target following the 2019-2021 performance period, subject to a relative TSR adjustment factor. Unvested awards are forfeited on termination of employment, except in certain circumstances, such as death, disability, or following a qualifying termination within two years of a change of control, in which case the target number of awards will immediately vest in full. For employees who meet “retirement” criteria upon their resignation or involuntary termination without cause, the awards continue to vest over time on their original schedules. For employees who are terminated involuntarily without cause and do not meet “retirement” criteria, a prorated portion of the awards continue to vest over time on their original schedules.

PSUs for 2019-2021 are subject to forfeiture during the performance period, and are also subject to clawback for a period of two years following the end of the performance period. Such forfeiture and clawback provisions are further described in the Compensation Discussion and Analysis.

2019 Pension Benefits

None of the NEOs benefited from any pension benefit plans in 2019. For this reason, the table disclosing pension benefits is omitted.

2019 Nonqualified Deferred Compensation

None of the NEOs benefited from any nonqualified defined contribution or other deferred compensation plans in 2019. For this reason, the table disclosing contributions to such plans, each NEO’s withdrawals, earnings and fiscal year-end balances in those plans is omitted.

NARRATIVE INFORMATION RELATING TO POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

CIT Employee Severance Plan

None of the NEOs (nor other executive officers) is party to an employment agreement with CIT, and as such, their employment with the Company is “at will.” Ms. Alemany has an individual agreement, described below, that provides for cash severance payments upon termination of employment or in connection with a Change of Control. None of the remaining NEOs have such agreements. Under the CIT Employee Severance Plan as amended effective as of February 21, 2018, which covers all of our U.S. employees, each of the NEOs, other than Ms. Alemany whose benefits are described below, is eligible to receive a cash severance amount equal to 52 weeks of base salary, a severance bonus (prorated based on prior short-term incentives), a payment equal to the employer portion of the cost of health insurance premiums for 52 weeks, which amount will be increased to cover applicable taxes, and certain outplacement services. Under the severance plan, members of our EMC are generally eligible to receive, at the Company’s discretion, up to 12 weeks of base salary in lieu of written notice of termination from CIT. In the event of a qualifying Change of Control Termination, each of the NEOs is eligible to receive a cash severance amount equal to three times (for Ms. Alemany, effective as of February 21, 2018) and
two times (for the other NEOs) the sum of base salary plus the average two of the three highest short-term incentives for the three preceding calendar years, a prorated severance bonus for the year of termination, a payment equal to the employer portion of the cost of health insurance premiums for a maximum of 36 months (for Ms. Alemany, effective as of February 21, 2018) and 24 months (for the other NEOs), which amount will be increased to cover applicable taxes, and certain outplacement services, and at the Company’s discretion, up to 12 weeks of base salary in lieu of written notice of termination from CIT. Under the severance plan, the definition of STI excludes any prior year STI for any period shorter than a year, with any participant being treated as ineligible for STI for such period and replacing it with a target STI, as applicable. Effective February 21, 2018, the severance plan was amended and restated to change the cash severance amount payable in the event of a qualifying Change of Control Termination to the CEO from two times to three times the sum of base salary plus the average two of the three highest short-term incentives for the three preceding calendar years. The severance amounts shown below in “Potential Payments Upon Termination or Change of Control” reflect the benefits that would have been payable under the severance plan as amended.

Ms. Alemany

Compensation and Benefits

Ms. Alemany’s offer letter provides for a total target compensation opportunity that will be allocated among cash and equity awards in the manner determined by the Board, provided that her annualized base salary will not be less than $800,000. For performance years 2017 and beyond, Ms. Alemany will have a total target compensation opportunity of no less than $5,850,000, consisting of an annualized base salary, a target short-term incentive opportunity and a target long-term incentive opportunity. Ms. Alemany is also entitled to benefits consistent with senior executives of CIT and reimbursement of reasonable business expenses, as well as a company-provided car and driver.

Termination and Change of Control Arrangements

In the event Ms. Alemany’s employment is terminated by her for “Good Reason” or by CIT “Without Cause” (in each case, as defined in her offer letter), Ms. Alemany generally is entitled to receive benefits under the CIT Employee Severance Plan, described above, except that her severance bonus will be calculated as a pro rata portion of her short-term and long-term incentive targets, rather than only her short-term incentive targets. The foregoing notwithstanding, if the amount that would be payable to Ms. Alemany under the CIT Employee Severance Plan is greater than the severance amount described above, she will instead be paid the amount payable under the severance plan but in accordance with the terms and conditions of her offer letter.

Change of Control

Ms. Alemany is entitled to receive severance benefits equivalent to those provided under the CIT Employee Severance Plan following a Change of Control for similarly situated executives. Effective as of February 21, 2018, the severance plan was amended and restated to change the cash severance amount payable in the event of a qualifying Change of Control Termination to the CEO from a multiple of two times to three times the sum of annual base salary plus severance bonus, a prorated severance bonus for the year of termination, a payment equal to the employer portion of the cost of health insurance premiums for a maximum of 36 months, which amount will be increased to cover applicable taxes, and certain outplacement services, and at the Company’s discretion, up to 12 weeks of base salary in lieu of written notice of termination from CIT.

Restrictive Covenants

Ms. Alemany is subject to certain non-competition, non-solicitation, confidentiality and non-disparagement obligations. While employed by CIT and for one year following termination of employment for any reason, Ms. Alemany, (i) may not without CIT’s prior written consent, compete with CIT by engaging, in a competitive capacity, either directly or indirectly, in any competing business; (ii) may not directly or indirectly, disparage, publicly criticize or take any action that would damage the reputation of the Company or any of its officers, directors, employees, agents or representatives; (iii) may not directly or indirectly attempt to solicit any client or specifically identified prospective client to transact business with a competitor of CIT or reduce or refrain from
doing any business with CIT; (iv) may not directly or indirectly attempt to solicit anyone who is then an employee of CIT (or who was such an employee within the prior six months) to resign from CIT or to apply for or accept employment with any competitor of CIT; or also (v) during and after employment, Ms. Alemany is required to take reasonable measures to protect CIT confidential information from unauthorized use or disclosure. Ms. Alemany is also required to provide the Company with 90 days advance written notice in the event she intends to end her employment with the Company.

**Messrs. Fawcett, Rubino, Harnisch and Robbins**

Messrs. Fawcett, Rubino, Harnisch and Robbins are subject to certain non-competition, non-solicitation and confidentiality obligations covering senior executives. While employed by CIT and for one year following termination of employment for any reason, Messrs. Fawcett, Rubino, Harnisch and Robbins, (i) may not directly or indirectly attempt to solicit any client to transact business with a competitor of CIT or reduce or refrain from doing any business with CIT; (ii) may not directly or indirectly attempt to solicit anyone who is then an employee of CIT (or who was such an employee within the prior six months) to resign from CIT or to apply for or accept employment with any competitor of CIT; or also (iii) during and after employment, required to take reasonable measures to protect CIT confidential information from unauthorized use or disclosure. Similarly to Ms. Alemany and other senior executives of the Company, Messrs. Fawcett, Rubino, Harnisch and Robbins are also required to provide the Company with 90 days advance written notice in the event they intend to end their employment with the Company.

### Potential Payments Upon Termination or Change of Control

As described above, we have entered into certain agreements and/or maintain certain plans that will require CIT to provide compensation to certain of our named executive officers in the event of a termination of employment of the named executive officer or a Change of Control of CIT. The amount of compensation payable to each named executive officer in each situation is listed in the table below, based on the assumption that the triggering event took place on December 31, 2019.

Amounts shown below do not include payments and benefits to the extent they are generally provided to all U.S. employees under each situation listed including disability benefits, life insurance payable upon death during employment, retiree medical and life insurance benefits, and vested balances under the 401(k) plan. The amounts also do not include pension benefits as none of the NEOs are eligible to participate in any Company pension benefit plans.

(1) Messrs. Fawcett, Rubino, Harnisch, and Robbins are eligible to receive severance benefits pursuant to the CIT Employee Severance Plan, which generally covers all U.S. employees. In the event of a qualifying termination (other than following a Change of Control), Messrs. Fawcett, Rubino, Harnisch, and Robbins would be entitled to a severance amount equal to (1) one-time annual base salary, plus (2) a pro-rated severance bonus, plus (3) at the discretion of CIT, up to 12 weeks of base salary in lieu of written notice of termination from CIT, plus (4) the estimated value of the employer portion of the cost of health insurance premiums for one year for continued medical, vision, prescription drug and dental coverage under
Executive Compensation

Company-sponsored health coverage plans on a self-pay basis in accordance with COBRA, which COBRA amount will be increased to cover applicable taxes.

Ms. Alemany generally is entitled to receive benefits under the CIT Employee Severance Plan, except that her severance bonus will be calculated as a pro rata portion of her short-term and long-term incentive targets (to the extent long-term incentives have not yet been awarded), rather than only her short-term incentive target. The foregoing notwithstanding, if the amount that would be payable to Ms. Alemany under the CIT Employee Severance Plan is greater than the severance amount described above, she will instead be paid the amount payable under the Severance Plan but in accordance with the terms and conditions of her offer letter.

In the event of a qualifying termination following a Change of Control, each of the NEOs, other than Ms. Alemany, would be entitled to a severance amount equal to (1) two-times annual base salary, plus (2) a pro-rated severance bonus, plus (3) two-times his or her average two of the three highest short-term incentives for the three preceding calendar years (for Messrs. Rubino, Harnisch and Robbins, the target short-term incentive is used), plus (4) at the discretion of CIT, up to 12 weeks of base salary in lieu of written notice of termination from CIT, plus (5) the estimated value of employer portion of the cost of health insurance premiums for two years for continued medical, vision, prescription drug and dental coverage under Company-sponsored health coverage plans on a self-pay basis in accordance with COBRA, which COBRA amount will be increased to cover applicable taxes.

In the event of a qualifying termination following a Change of Control, Ms. Alemany would be entitled to receive three times the sum of annual base salary plus the average two of the three highest short-term incentives for the three preceding calendar years, a prorated severance bonus, a payment equal to the employer portion of the cost of health insurance premiums for a maximum of 36 months, which amount will be increased to cover applicable taxes, and certain outplacement services and at the Company’s discretion, up to 12 weeks of base salary in lieu of written notice of termination from CIT.

Generally, represents unvested equity-based awards that are calculated based on $45.63, the closing price of CIT common stock on December 31, 2019. For employees who meet “retirement” criteria upon their resignation or involuntary termination without cause, the awards continue to vest over time on their original schedules (PSU awards are prorated in the event of involuntary termination without cause for employees who do not meet “retirement” criteria). In the event of death, disability or a qualifying termination following a Change of Control, awards vest immediately. The awards are subject to the clawback provisions described in the Compensation Discussion and Analysis.

CEO Pay Ratio

Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act requires CIT to disclose (1) the median total annual compensation of all employees other than the CEO and (2) the ratio of the CEO’s annual total compensation to that of the median employee.

Methodology

To calculate the pay ratio, we started with the full employee population of 3,597 as of October 1, 2019, excluding the CEO. Under the 5% de minimis exclusion permitted under SEC rules, we then excluded all of our 37 non-US employees (11 in Canada; 23 in China; 2 in Mexico and 1 in the United Kingdom), which represented approximately 1% of our total employee population.

For the resulting population of 3,560 employees, we obtained full-year 2019 W-2 gross wages, as reported by our payroll department, and used it to identify our median employee among all employees who were paid during 2019. Other than the exclusion of non-US employees noted above and independent contractors and “leased” workers, we did not use any annualizations or other estimates, assumptions, adjustments or statistical sampling to determine the median employee.

CEO Pay Ratio

2019 annual total compensation of our CEO, as disclosed in the Summary Compensation Table on page 72 is $8,339,413, and annual total compensation of the median employee was determined to be $93,434 in accordance with SEC rules. The resulting pay ratio is estimated to be 89:1. Note that the pay ratio reported by other companies—even those within our peer group—may not be comparable to our pay ratio, since other companies may have different employee populations, as well as compensation policies and practices, and may use different methodologies to calculate their pay ratios.
The following is the report of the Audit Committee with respect to CIT’s audited financial statements for the year ended December 31, 2019. The information contained in this report shall not be deemed “soliciting material” or otherwise considered “filed” with the SEC, and such information shall not be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that CIT specifically incorporates such information by reference in such filing.

The Audit Committee operates pursuant to a written charter that is available on CIT’s website and is comprised of four directors. The Board of Directors has determined that the Chairperson meets the standard of “Audit Committee Financial Expert,” as defined by the rules of the SEC, and that each member of the Audit Committee is independent from management and financially literate, as defined by the New York Stock Exchange listing standards.

Under the terms of its charter, the Audit Committee (i) monitors the quality and integrity of CIT’s financial reporting process, financial statements and systems of internal controls regarding finance and accounting, (ii) reviews CIT’s corporate compliance policies and monitors the compliance by CIT with its Code of Business Conduct, and its other compliance policies, as well as with legal and regulatory requirements, (iii) monitors the qualifications, independence and performance of CIT’s internal audit function and independent registered public accounting firm, (iv) retains and determines the compensation of the independent auditors, (v) oversees and monitors CIT’s significant bank regulatory matters, including CIT’s progress in addressing any action items noted by banking regulators in examination and similar reports, and in annual and periodic assessment reports, and (vi) monitors CIT’s financial, litigation and compliance risks. The Audit Committee serves in an oversight capacity and is not part of CIT’s managerial or operational decision-making process. It is not the Audit Committee’s responsibility to conduct auditing or accounting reviews or procedures. Management has primary responsibility for the financial reporting process, including the system of internal controls, and for the preparation and integrity of the financial statements and the reporting process. CIT’s independent registered public accounting firm is responsible for expressing an opinion on the conformity of the audited financial statements to accounting principles generally accepted in the United States of America (“GAAP”).

The Audit Committee reviewed CIT’s audited financial statements and related SEC filings for the year ended December 31, 2019, and met with management and Deloitte & Touche LLP (“Deloitte”), CIT’s independent registered public accounting firm, to discuss those financial statements. The Audit Committee also discussed with Deloitte the quality of CIT’s accounting principles, the reasonableness of critical accounting estimates and judgments, and the disclosures in CIT’s audited financial statements, including disclosure relating to significant accounting policies. Management has represented to the Audit Committee that the financial statements were prepared in accordance with GAAP.

The Audit Committee has discussed with Deloitte the matters required to be discussed by the Auditing Standards of the Public Company Accounting Oversight Board (the “PCAOB”). In addition, the Audit Committee has received from Deloitte its written disclosures and letter regarding its independence from CIT, as required by the applicable requirements of the PCAOB, and has discussed with Deloitte its independence from CIT and management. The Audit Committee has also determined, based on such disclosures, letter and discussions, that other non-audit services provided by Deloitte to CIT are compatible with the auditors’ independence. Based upon these reviews and discussions, the Audit Committee has recommended to the Board that the audited financial statements be included in CIT’s Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

Overview of Proposals

This Proxy Statement contains three proposals requiring stockholder action. Proposal 1 requests the election of twelve directors to the Board. Proposal 2 seeks the ratification of the appointment of Deloitte & Touche LLP as CIT’s independent registered public accounting firm for 2020. Proposal 3 requests a non-binding advisory vote on executive compensation. Each of the proposals is discussed in more detail below.

PROPOSAL 1: Election of Directors

The Board has nominated Ellen R. Alemany, Michael L. Brosnan, Michael A. Carpenter, Dorene C. Dominguez, Alan Frank, William M. Freeman, R. Brad Oates, Gerald Rosenfeld, Vice Admiral John R. Ryan, USN (Ret.), Sheila A. Stamps, Khanh T. Tran and Laura S. Unger to be elected as directors until the next annual meeting of stockholders and until their successors are duly elected and qualified.

The above named twelve CIT directors, each of whom is listed in the table under the heading “Directors — Nominees” in this Proxy Statement and whose biographical information and qualifications are set forth immediately following such table, are nominated for election at the Annual Meeting.

At the Annual Meeting, proxies cannot be voted for a greater number of individuals than the twelve nominees named in this Proxy Statement. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the proxy card of each shareholder or, if no direction is made and the proxy does not represent shares reflecting a “broker non-vote,” for the election of the Board’s twelve nominees. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxy holders will vote for a nominee designated by the present Board, if any, to fill the vacancy.

Vote Required

A majority of the votes cast at the Annual Meeting is required to elect directors to the Board. A nominee for director shall be elected to the Board if the votes cast FOR such nominee’s election exceed the votes cast AGAINST such nominee’s election.

THE BOARD RECOMMENDS A VOTE “FOR” EACH OF THE NOMINEES FOR DIRECTOR.

PROPOSAL 2: Ratification of Independent Registered Public Accounting Firm

The Audit Committee has appointed Deloitte Touche LLP (“Deloitte”) as CIT’s Independent Registered Public Accounting Firm and to audit CIT’s consolidated financial statements as of and for the year ended December 31, 2020, and to perform other auditing and attestation services.

The Audit Committee appointed Deloitte as CIT’s Independent Registered Public Accounting Firm in 2018, following a competitive process to determine CIT’s independent registered public accounting firm for the fiscal year ending December 31, 2018. The Audit Committee invited several independent registered public accounting firms to participate in this process, including PricewaterhouseCoopers LLP (“PwC”), which audited CIT’s financial statements for the fiscal years ending December 31, 2017 and 2016.

On March 8, 2018, after reviewing the proposals from the independent registered public accounting firms that participated in the process, the Audit Committee made the decision to change CIT’s independent registered public accounting firm and CIT dismissed PwC as its independent registered public accounting firm.

The audit reports of PwC on CIT’s consolidated financial statements as of and for the fiscal years ended December 31, 2017 and 2016 did not contain any adverse opinion or disclaimer of opinion, and they were not qualified or modified as to uncertainty, audit scope, or accounting principles.
During the fiscal years ended December 31, 2017 and 2016, and through March 8, 2018, there were: (i) no disagreements within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions between CIT and PwC on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to PwC’s satisfaction, would have caused PwC to make reference thereto in their reports, and (ii) no “reportable events” within the meaning of Item 304(a)(1)(v) of Regulation S-K, except as set forth in the following sentence. As previously disclosed in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2016, the Company had two material weaknesses in internal control over financial reporting because it did not maintain effective controls over the design and operating effectiveness of (i) the estimation process for the home equity conversion mortgages interest curtailment reserve, and (ii) information technology general controls for information systems relevant to the preparation of the Company’s financial statements. As previously disclosed in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2017, these material weaknesses have been remediated. The Audit Committee discussed the material weaknesses with PwC and the Company has authorized PwC to respond fully to inquiries of the successor independent registered public accounting firm concerning this matter.

On March 8, 2018, the Audit Committee made the decision to engage Deloitte as CIT’s independent registered public accounting firm for the fiscal year ending December 31, 2018.

During the fiscal years ended December 31, 2017 and 2016, and through March 8, 2018, neither CIT nor anyone on its behalf consulted with Deloitte regarding: (i) the application of accounting principles to a specific transaction, either completed or proposed, or the type of audit opinion that might be rendered on CIT’s financial statements, and neither a written report nor oral advice was provided to CIT that Deloitte concluded was an important factor considered by CIT in reaching a decision as to any accounting, auditing, or financial reporting issue; (ii) any matter that was the subject of a disagreement within the meaning of Item 304(a)(1)(iv) of Regulation S-K and the related instructions; or (iii) any reportable event within the meaning of Item 304(a)(1)(v) of Regulation S-K.

CIT received a letter from PwC addressed to the SEC stating that PwC agrees with the above statements relating to PwC. A copy of PwC’s letter, dated March 14, 2018, was attached as Exhibit 16.1 to CIT’s Current Report on Form 8-K filed with the SEC on March 14, 2018.

Although the Audit Committee is responsible for the appointment, compensation, retention, termination and oversight of the independent registered public accounting firm, the Board, as a matter of policy, is requesting that CIT’s stockholders ratify the appointment of Deloitte. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal; however, if our stockholders do not ratify the appointment of Deloitte, the Audit Committee may investigate the reasons for stockholder rejection and may consider whether to retain another independent registered public accounting firm if it determines such change would be in the best interests of CIT’s stockholders.

A member of Deloitte will be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to stockholders’ questions.
Overview of Proposals

Fees for Professional Services Paid to Auditors

The following table sets forth the aggregate fees, including out-of-pocket expenses, for professional services rendered by Deloitte related to the fiscal years ended December 31, 2019 and December 31, 2018:

(a) Audit fees include fees in connection with professional services rendered for audit of CIT’s consolidated financial statements and effectiveness of internal controls over financial reporting, reviews of CIT’s unaudited interim consolidated financial statements included in Forms 10-Q, and as appropriate, statutory and regulatory audits, issuances of comfort letters, consents and assistance with review of documents filed with the SEC.

(b) Audit-related fees include fees for assurance and related services that are reasonably related to the audit or review of financial statements, including agreed upon procedures for various transactions and guidance related to emerging accounting standards.

(c) Tax fees include fees for tax services rendered for tax return preparation, tax compliance and tax advice.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services Performed by the Independent Registered Public Accounting Firm

CIT will not retain the independent registered public accounting firm for any professional services without the prior approval of the Audit Committee, except that the Audit Committee has delegated to its Chairman the authority to authorize management to retain the independent registered public accounting firm for professional services in which the aggregate fees are expected to be less than $150,000 in any calendar quarter, subject to ratification by the Audit Committee at its next meeting. In general, CIT does not retain the independent registered public accounting firm to provide information systems, or other consulting services.

The Audit Committee has determined that the professional services provided by Deloitte as quantified in the table above are compatible with the independent auditor maintaining its independence. The Audit Committee gave prior approval to all audit and non-audit professional services provided by Deloitte in 2019 and 2018.

Vote Required

The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote is required to ratify the appointment of Deloitte as our independent registered public accounting firm.

PROPOSAL 3: Advisory Vote on Executive Compensation

As required by Section 14A of the Exchange Act, and pursuant to CIT’s current frequency of stockholder advisory votes on executive compensation, CIT is submitting to stockholders a non-binding advisory vote to approve the compensation of our named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC.
CIT has a “pay-for-performance” philosophy that forms the foundation of decisions regarding incentive compensation of CIT’s employees, including its named executive officers. This compensation philosophy, and the program structure approved by the Compensation Committee, is central to CIT’s ability to attract, retain and motivate individuals who can achieve superior long-term financial results. Please refer to the “Compensation Discussion and Analysis” section in this Proxy Statement (as well as the 2019 Summary Compensation Table), for a detailed discussion of the compensation of CIT’s named executive officers.

The Company solicits feedback throughout the year from investors and other stakeholders regarding our compensation practices and our corporate governance practices more generally through individual meetings and other communications. The Compensation Committee also engages its independent consultant, Pay Governance, to conduct a market best practices study on an annual basis.

CIT strives for a high level of support from our stockholders on executive compensation. Although we received majority support from stockholders in 2019 for our Say-on-Pay vote (approximately 60% of the votes cast were in favor of our program), the result was down significantly from 2018.

In response to the 2019 Say-on-Pay vote results, we enhanced our engagement efforts with our investors and other stakeholders (including Institutional Shareholder Services and Glass Lewis) to gain their perspectives on our program and their input on areas for change.

We solicited engagement meetings in the fall and winter with our top institutional shareholders representing more than 50% of our shares outstanding and held meetings with institutional shareholders representing about 40% of our shares outstanding. Participants reported regularly to the Compensation Committee and Board on feedback received. As a result of the input we received during our stakeholder outreach and the findings from the market best practices survey conducted by Pay Governance, the Compensation Committee determined to:

1. Revise the compensation peer group to more appropriately reflect CIT’s asset size and business mix;
2. Improve the clarity of disclosure linking scorecard assessment for our named executive officers to CIT’s strategy;
3. Address stakeholder concerns about one-time equity grants; and

These and other changes are described in more detail in the “Stakeholder Engagement” section and throughout the Compensation Discussion and Analysis section of this Proxy Statement.

We believe that these changes are responsive to feedback we received during our 2019/2020 outreach and complement our other best practices, which are described in the “Sound Pay Practices,” “Compensation Decision Making Process,” and “Other Pay Practices” sections of the Compensation Discussion and Analysis section of this Proxy Statement.

The Company also continues to ensure that our compensation-related goals are aligned with the four pillars our strategic objectives and priorities—growing core businesses, optimizing our balance sheet, enhancing operational efficiency, and maintaining strong risk management—in order to improve our ROTCE and maximize shareholder return.

CIT and the Compensation Committee will continue to evaluate our executive compensation program annually and continue to consider and incorporate into our program feedback from shareholders and other stakeholders.

The Board is providing you, as a shareholder, the opportunity to endorse CIT’s compensation of its named executive officers and recommends that you approve, in an advisory vote, the following resolution:

“RESOLVED, that the compensation paid to CIT’s named executive officers, as disclosed in CIT’s Proxy Statement for the 2020 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, and narrative discussion, is hereby APPROVED.”
Overview of Proposals

As an advisory vote, this proposal is not binding upon CIT; however, the Compensation Committee, which is responsible for designing and administering CIT’s executive compensation program, values the opinions of shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

Vote Required

The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote is required to approve, on a non-binding basis, the compensation for our named executive officers.

THE BOARD RECOMMENDS A VOTE “FOR” APPROVING THE COMPENSATION OF CIT’S NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THIS PROXY STATEMENT.

Other Business

CIT’s management does not intend to bring any business before the Annual Meeting other than the matters referred to in this Proxy Statement. If, however, any other matters properly come before the Annual Meeting, it is intended that the persons named in the proxy will vote pursuant to the proxy in accordance with their best judgment on such matters to the extent permitted by applicable law and regulations. The discretionary authority of the persons named in the proxy extends to matters which the Board does not know are to be presented at the meeting by others and any proposals of stockholders that were submitted after the deadline to submit such proposals.
Stockholder Proposals and Nominations for the 2021 Annual Meeting

Consistent with SEC regulations, to be eligible for inclusion in the proxy statement for CIT’s next annual meeting, stockholder proposals must be received by CIT’s Corporate Secretary at 11 West 42nd Street, New York, NY 10036, not later than December 3, 2020, which is 120 calendar days prior to the one-year anniversary of the date on which this Proxy Statement was made available to our stockholders. We will determine whether or not to include any eligible stockholder proposals in the related proxy statement and proxy materials in accordance with applicable SEC regulations.

Under CIT’s By-Laws, nominations for director or other business proposals to be addressed at the meeting may be made by a stockholder entitled to vote who has delivered a notice to the Corporate Secretary of CIT not later than February 11, 2021, and not earlier than January 12, 2021. The notice must contain all of the information required by CIT’s By-Laws.

Under the proxy access provision of CIT’s By-Laws, to be eligible for inclusion in the proxy statement for CIT’s next annual meeting, stockholder nominations for director must be received by CIT’s Corporate Secretary at 11 West 42nd Street, New York, NY 10036, not later than December 3, 2020, which is 120 calendar days prior to the one-year anniversary of the date on which this Proxy Statement was made available to our stockholders, and not earlier than November 3, 2020, which is 150 calendar days prior to the one-year anniversary of the date on which this Proxy Statement was made available to our stockholders. The notice must contain all of the information required by CIT’s proxy access By-Law provision.

These advance notice provisions are in addition to, and separate from, the requirements that a stockholder must satisfy to have a proposal included in the proxy statement under the rules of the SEC. Copies of CIT’s By-Laws are available on CIT’s website at www.cit.com or may be obtained from the Corporate Secretary.

Attendance at the Annual Meeting

Attendance at the Annual Meeting is limited to stockholders and their proxies. Admission to the meeting will be on a first-come, first-served basis.
